FOREWORD

Youth of Democracy is challenged! Life at Illinois suddenly becomes youth's valiant response to that challenge and undergraduate effort more meaningful and momentous. Every student enrolled in the University is as vitally engaged in the war effort as are the young Americans fighting, dying, and sacrificing on combat fields for the Victory of our Allied Nations. Each student's zealous effort resolves itself and points definitely in one direction. In the student's heart, as in the heart of this book, is one inflexible purpose—to sustain and preserve the American way of life.

It is the editors' earnest desire that the Illio of 1944 will portray with vivid clarity this spirit of Victory that is the American way of life at Illinois.

DEDICATION

167 HAVE GIVEN THEIR LIVES
14,810 HAVE GONE TO WAR

Palermo . . . Kiska . . . Guam . . . Midway . . . Teheran . . . Never have the fighting Illini in those places and at home meant more to their country and their Alma Mater than now—1944. Mud . . . mosquitoes . . . Japs . . . tropical fever . . . Hitler . . . It's a far cry from the loving outstretched arms of Alma Mater. She's a million miles away from the Fighting Illini who lies down at night to sleep and wake and wonder. She's a million miles away, but closer and dearer to his heart. He'll come back tonight to tramp the Broadwalk, to dream of an Illini coed, to walk again the muted halls of Labor and Learning. Perhaps he'll toss restlessly and wonder how the "old place" has changed, what they're thinking and if they know as surely as he does that Victory is certain and worth dying for.

On the University of Illinois service flag, an Illini heart beats behind each shining star, with courageous spirit and a hope for the Victorious future.

To the Victory of our Allied Nations . . . to

the beating heart behind each star . . . to each

still heart behind the golden symbol of supreme

sacrifice, we humbly dedicate this book.

TO THE STUDENTS:

Whether or not victory will be achieved in 1944 by our military forces depends upon many factors, most of which now seem to be operating in favor of the Allies. But it is not too soon to begin thinking about it and to make plans for it so the University of Illinois will be ready to serve the returning veterans, some of whom are already appearing on college campuses.

The war is yet to be won and the University is devoting many of its resources to that end, while still providing for all those civilian students who are able to continue with their college education.

Many members of the faculty and staff of this institution have made and are making important contributions toward winning the war. At the same time the many and diverse problems which will arise when the war is ended have not gone unheeded. In fact, important studies of these matters have been in progress for many months so that we shall be prepared to render those services and to perform those functions which, as a progressive and forward-looking educational institution, we are most qualified to do.

A. C. Willard

ARTHUR CUTTS WILLARD
PRESIDENT, UNIVERSITY OF ILLINOIS

Arthur Cutts Willard was elected seventh president of the University of Illinois by the Board of Trustees on March 13, 1934, and assumed the presidency in July of that year. He has been a member of the University faculty since 1913, coming here as assistant professor of heating and ventilation in the Department of Mechanical Engineering. Four years later he was made a full professor and in 1920 was named head of the department. Nine months previous to his election as president, he had been made Acting Dean of the College of Engineering.

Dr. Willard was born in Washington, D. C., and attended the Central High School there. He studied in the National College of Pharmacy for one year and then entered the Massachusetts Institute of Technology, taking a chemical engineering course and receiving his Bachelor of Science degree in 1904. Following graduation from M.I.T. he taught for one year at the California School for Mechanical Arts in San Francisco and for three years at George Washington University in the National Capitol. The four years preceding his transfer to Illinois he served the United States War Department as Sanitary and Heating Engineer.

Three honorary doctors' degrees have been conferred upon President Willard: Doctor of Engineering by the Case School of Applied Science, Doctor of Laws by George Washington University, and also the Doctor of Laws by Northwestern University.

OF TRUSTEES

PARK LIVINGSTON
President, Board of Trustees

Every resource of the University is devoted this year to the promotion of allied victory. Members of the faculty are engaged in scores of research activities for the army and navy, many of them of a secret nature that cannot be divulged until the fighting ceases. Instructional facilities are training men in the Army Special Training Program, the Navy Diesel School and the Army Star Course. A great army of Illini is fighting on every front, from the Aleutians to the Solomons, from Naples to India, in the air over Berlin and under the sea off Tokyo. In the first two years of the war one hundred sixty-seven Illinois alumni gave their lives for America.

The trustees and administrative personnel of the University feel that theirs is a dual responsibility. For not alone do they recognize an obligation to give everything at their disposal which may further our military action towards victory. In equal measure they assume duties which envision the future peacetime world and its progressive needs.

Among the projects now in the planning phase are the Institute of Food Research and the new University Airport for aeronautical experiment and instruction. Both of these developments are of major importance. One might even say of world importance, since all the peoples of the earth for years to come will be absorbed in, and reaching out for, advancement in the art and science of food and flight.

OFFICE OF THE DEAN OF STUDENTS

The Office of Dean of Students at the University of Illinois was created by the Board of Trustees on the recommendation of the President on August 31, 1943. The office is charged with responsibility for the entire extra-curricular life of the student while he is living in the academic community. For more than four decades, the University of Illinois has devoted much effort and interest in this phase of student life and welfare; and the new office is in line with modern educational practices to make the best and most efficient use of offices and agencies dealing with student life and interests.

Included in the Division of Student Life and Welfare are the following offices and agencies: the Dean of Men, Dean of Women, University Health Service, McKinley Hospital, Hospitalization and Medical Service, Student Employment, the Division of Student Housing, most boards administering extra-curricular activities, and the social, cultural, and educational programs in the Illini Union and Residence Halls, also Freshman Week and High School Guidance Conferences.

This new administrative plan, installed during the war period, will be well tested and ready to operate smoothly and efficiently when the war is won and the great return of undergraduate students begins.

Fred H. Turner

FRED HAROLD TURNER
Dean of Students

The Dean of Students, Fred Harold Turner, was born in Hume, Illinois, on March 22, 1900. He was made assistant to Thomas Arkle Clark, Dean of Men, after graduating from the University of Illinois in 1922. In 1931, he received the degree of Doctor of Philosophy in Education. His thesis may be found in the library, as it is considered one of the most authoritative accounts ever made of the Illinois Industrial University. In 1932, he was awarded the full title of Dean of Men after serving as Acting Dean in the preceding year. The Board of Trustees created the new position of Dean of Students in September, 1943, and Dean Turner was named to fill the new office. In recent years several of his surveys of student life at the University have appeared in current magazines. Dean Turner is greatly interested in student organizations on the campus, and is a member of the Illini Board of Control. He is Secretary of the National Association of Deans and Advisers of Men, and Educational Adviser to the National Interfraternity Conference.

DEAN LEONARD DEAN TURNER DEAN STAFFORD

DEAN OF MEN AND WOMEN

MARIA LEONARD
Dean of Women

EDWARD E. STAFFORD
Acting Dean of Men

There is no word that stirs the souls of men more than the word VICTORY—the well-chosen theme of the 1944 Illio.

All students registered in the colleges and universities of our country, who are doing their most to prepare themselves on their highest professional level to meet the urgent demand for skilled and highly trained workers, are in line for Victory.

Today the University of Illinois calls for rigorous living, hard work, and sacrifices. Education is a process to prepare one to meet Life adequately—a large order in this world crisis!

Since it is the government's plan to place men and women in their largest circle of usefulness, in turn, it becomes the business of every student to meet that call by enlarging his capabilities to the utmost.

It may mean professional futures delayed, but if it brings VICTORY, the women of the University will give their most as our men are called upon to give.

The Dean of Women and her two assistants stand ready to serve and counsel all women students in choosing their life work, their war jobs, and their "tooling up" for these war emergencies.

Maria Leonard

To the Illini who left the campus for military service, or to serve in war industry; to the young men who left Illinois to return as A.S.T.P. or Navy V-12; to the civilian students who remain on the campus with accelerated programs, in anticipation of the day when they too can serve, the Dean of Men and his staff send greetings.

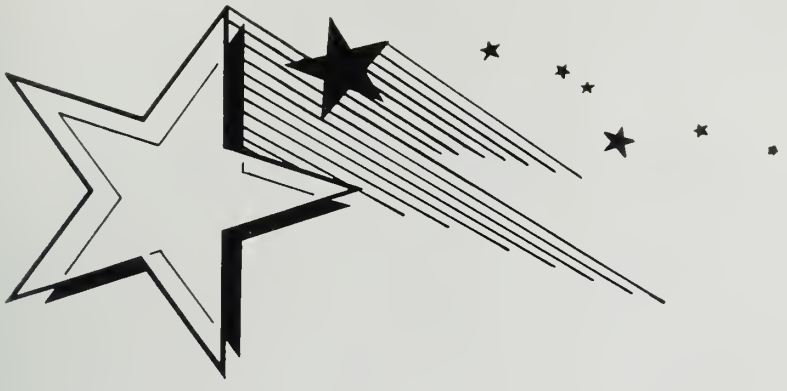

This is the oldest collegiate service office for men in the country. Its purpose is to assist undergraduate men at any time, to advise and counsel with them on any matter in which they need help. The staff consists of Edward E. Stafford, Acting Dean of Men, Gerald W. Peck, Assistant in charge of Student Employment, and V. James Hampton, Assistant in charge of Student Organization Finances. On leave of absence for military service are Stanfield S. Taylor and Durward G. Judy, Assistants to the Dean.

Like all other University services, this office has faced new problems resulting from the war. The Dean of Men daily counsels with both parents and students on questions concerning military service. A file of information on all branches of the service is maintained.

Plans are being made to serve the thousands of men who will return to the campus when peace comes, to complete their training, and to prepare to serve in a more efficient manner, in a new and peaceful world.

COLLEGE OF

MATTHEW THOMPSON MCCLURE
Dean

Matthew Thompson McClure, Dean of The College of Liberal Arts and Sciences, was born at Spottsford, Virginia, April 27, 1883. A Bachelor's degree was awarded him at Washington and Lee University in 1904, where he did his undergraduate work, a Master's degree at the University of Virginia in 1907, and a Doctor's degree at Columbia in 1912.

Before coming to Illinois, Dean McClure was an instructor in Philosophy at Columbia and from 1915 to 1921 a professor of Philosophy at Tulane. He began his career at Illinois in 1921 as associate professor in Philosophy. In 1922 he became Professor of Philosophy and in 1926 he was appointed head of that department. The deanship was awarded him in 1934 after serving a year as Acting Dean of the College of Liberal Arts and Sciences. Dean McClure is a member of Theta Delta Chi, Phi Beta Kappa, Phi Kappa Phi, Phi Eta, Phi Eta Sigma, Delta Sigma Rho, The American Philosophical Association, and other honorary organizations.

The College of Liberal Arts and Sciences is geared to war. While maintaining in substantial form its traditional program of education, it is making every effort to utilize its facilities in behalf of the war effort. It is busily engaged in providing instruction for the Army Specialized Training Program, for the Navy V-12 program, for the basic and graduate work in the Foreign Area and Language Curriculum. Many outstanding members of its staff have been released to engage in important scientific research and other important work directly connected with the prosecution of the war. A number of new courses that bear directly on the background and aims of the war have been instituted.

The war will undoubtedly bring about far reaching changes in education. To meet this emergency the College is making a careful study of the impact of the war on liberal arts and science education with a view to adjusting its courses and curricula to the needs of the post-war world.

COLLEGE OF

HIRAM T. SCOVILL
Acting Dean

Born on a farm near Leaf River, Illinois, and educated in the public schools of Rockford, Illinois, Professor Scovill was graduated from the University of Illinois in 1908, with final honors. After spending five years in the practice of public accountancy in Chicago, he returned to the University in 1913 to join the staff as an instructor in accountancy. In 1919 he became professor of accountancy and head of the Department of Business Organization and Operation. Since March, 1942, he has served as Acting Dean of the College of Commerce during the leave of absence granted Dean Thompson. He is a certified public accountant, having received the gold medal of the Illinois Society for obtaining the highest grade in the examination.

In addition to several books on accounting and numerous articles, Professor Scovill has contributed materially to the literature of his field through handbooks and special treatises, and since 1925 as editor of the Wiley Accounting Series of textbooks. Professor Scovill has served as president of the Illinois Society of Certified Public Accountants and of the American Accouuting Association and as a member of the board of examiners of American Institute of Accountants.

He is a member of the following fraternities: Phi Beta Kappa, Beta Gamma Sigma (past national president), and Beta Alpha Psi (past national president).

Many students and alumni of the College are in the armed services; some have answered the supreme summons. Several members of the faculty are similarly rendering faithful service to their country in military and civilian capacities. Those students and members of the faculty left on the scene expect that victory in war will be followed by victory of a different character in business. They hope for victory over economic maladjustments, over strife between capital and labor, and over crooked, politically-supported rackets.

It is our belief that in the past too much attention has been given to the personal betterment approach to business and too little intelligent effort to the operation of business on a scale that can be called social minded.

One of the functions of this College in the future should be to educate society and business leaders to the realization that the human element in business is a most important one from the point of view of social welfare. In some respects this College should be the business leader of the future in Illinois, establishing principles of business conduct, procedure, and operation. It should emphasize the recognition by businessmen of their social responsibilities, the appreciation of cause and effect, and above all, honest and scrupulous conduct with respect to their employees, other associates and customers.

COLLEGE OF

MELVIN LORENIUS ENGER
Dean

Melvin Lorenius Enger, Professor of Mechanics and Hydraulics, since 1934 Dean of the College of Engineering and Director of the Engineering Experiment Station, was born May 5, 1881, in Decorah, Iowa. He attended the University of Minnesota and the University of Illinois where he received the Bachelor of Science degree in Civil Engineering in 1906 and later the C.E. and M.S. degrees. He came to the University in September, 1907, as instructor in Theoretical and Applied Mechanics, and has served on the faculty since that time. From 1926 to 1934 he was head of the department of Theoretical and Applied Mechanics. Dean Enger is an honorary member of Triangle and is a member of many engineering societies and honorary fraternities.

The war has made heavy demands on the College of Engineering in its educational and research programs. Many staff members are on leave, either as officers in the armed services, or as specialists in war research projects. Other members are engaged in full-time or part-time work on war research projects in our laboratories.

The civilian enrollment, plus the enrollments in the Army Specialized Training Program, the Navy College Training Program; supervision and instruction in the Engineering, Science and Management War Training programs, and in the special programs to prepare young women for technical positions at Wright Field and with Pratt and Whitney Aircraft, have made the teaching load in the College greater than in any previous year.

The notable achievements during the year, in teaching and research, were possible only because of the loyalty and able performance of every member of an overloaded staff.

COLLEGE OF

HENRY PERLY RUSK
Dean

Henry Perly Rusk, Dean of the College of Agriculture, was born on a farm near Rantoul, Illinois, July 19, 1884. He was graduated from Valparaiso University, Valparaiso, Indiana, in 1904. He then studied at the University of Missouri, receiving his Bachelor of Science degree in 1908 and his Master of Science award in 1911.

After two years' service in Missouri and Indiana, he came to the University of Illinois in 1910 as associate in beef cattle husbandry. After a number of advancements, he was made head of the department on September 1, 1922. Seventeen years later he became fourth Dean of the College of Agriculture, Director of the Extension Service in Agriculture and Home Economics, and Director of the Agricultural Experiment Station. He is widely known as a stockman and is a member of the American Society for Animal Production, Sigma Xi, Alpha Zeta, Gamma Sigma Delta, Alpha Gamma Rho, Farmhouse, and Rotary International.

A world upheaval such as we are now witnessing does not lessen the demand for trained men and women—it intensifies it. Certainly a world seeking freedom from want and looking forward eagerly to the restoration of normal and wholesome home life needs the services and devotion of young men and women with the highest type of college training in agriculture and home economics. Only an enlightened and free people, with the most effective techniques that science, experience, and craftsmanship can provide, will be able permanently to secure the abundance necessary to banish want, and only such people will know how to use that abundance for the greatest good.

Although food is a requirement common to all men, not all men have had access to adequate food supplies nor have they known how best to use that which they have had. Fruitful years of research in nutrition are making clear what man's food needs are, and research in the techniques of production is making it possible to meet those needs. American farmers and homemakers—many of them college-trained, most of them acquainted with better practices as the result of Extension teachings—are meeting the challenge which a distressed world has put before them.

The job ahead, however, is bigger than the job behind us. After a military victory, the pattern for peace will be set by our ability to contribute a large share of the food that will be needed by a hungry world. On our success in working out an equitable system of exchange and distribution and helping to lift the level of human living will the permanency of peace in large part depend.

In the solution of these and other problems the young men and women who have availed themselves of the training and the discipline which our University offers in its curriculums in agriculture and home economics will be especially well equipped to play an effective and satisfying part.

THOMAS ELIOT BENNER
Dean

Thomas Eliot Benner, Dean of the College of Education, was born in Danvers, Massachusetts, February 11, 1894. He was graduated from Harvard in 1914 (A.B.); received graduate degrees from the same university in 1916 (A.M.), 1923 (Ed.M.), 1924 (Ed.D.). His professional experience has included teaching in Maryland and Maine, public school administration in Massachusetts, service as statistician and editor with the Alabama State Department of Education, the acting deanship of the College of Education of the Alabama Polytechnic Institute, the chancellorship of the University of Puerto Rico, and a visiting professorship at Columbia University. Since 1931 he has been Dean of the College of Education at the University of Illinois. He served as a member of a commission to investigate vocational education in Illinois, as Chairman of the Advisory Committee to the Educational Commission of the Illinois State Legislature in 1935, and as a member of the commission named by President Roosevelt to report on Puerto Rico as a center of inter-American education in 1939. He is a member of Phi Delta Kappa and Kappa Delta Pi, and holds office in several national professional organizations.

COLLEGE OF EDUCATION

The College of Education is proud of the part it has had in preparing the teachers and administrative officers who have contributed to the education of the great army of men and women who are winning the war through service in our combat forces, in industry, on the farms, and in the homes.

Ten members of the College faculty are serving in the armed forces. Five of these are in the Navy, including one in the Waves, and five in the Army, including four in the Air Corps.

Ten days after the declaration of war the College organized the Illinois Committee on War Problems of the Schools. This committee has served continuously since that time as an important coordinating agency among civic and professional organizations interested in the schools. All the resources of the College are being directed towards effective war and post-war service. This includes much time given to planning for the period of post-war reconstruction.

COLLEGE OF

REXFORD NEWCOMB
Dean

Rexford Newcomb, Dean of the College of Fine and Applied Arts, received his training at the Universities of Kansas, Illinois, and Southern California. His academic studies have been supplemented by wide travel in Europe and the Orient.

Before coming to the Illinois faculty in 1918, Dean Newcomb was for five years Director of the Department of Fine and Applied Arts at Long Beach Polytechnic (California) and for four years Director of Adult Education and Principal of The Long Beach Evening High School. He served also on the faculties of the University of Southern California, and the Agricultural and Mechanical College of Texas, at the latter institution as Professor of Architecture and College Architect.

Dean Newcomb was for ten years editor of the *Western Architect,* Chicago, has served as technical consultant in various connections, has lectured widely on the Fine Arts, and is the author of fourteen volumes and several hundred magazine articles in his field. He is a member of Phi Kappa Phi, Phi Beta Kappa, Sigma Xi, and various other honorary and professional organizations.

The College of Fine and Applied Arts offers ten curricula leading to degrees in Art, Architecture, Landscape Architecture and Music, and with the College of Medicine, offers a curriculum in Occupational Therapy. Enrolling normally in excess of eight hundred fine arts majors with some 1400 students from other colleges of the University, the College halls and studios are busy places.

This year, with many of its faculty and most of its male students in the armed forces of the nation, the College carries on its work in all branches at the high plane of former years. The faculty and students are participating in various lines of war endeavor. They have designed covers for patriotic publications, prepared posters on war projects that have been circulated widely, and offered entertainment at local U.S.O. centers and at Chanute Field. In the Army-Navy instructional program fine arts instructors are teaching subjects as far afield as mathematics, physics and navigation. In the meantime new instructional programs are being studied and plans are being laid in order that the College may be as serviceable as possible to the great throng of returning enlisted men and new students who will come to Illinois when we shall have achieved a lasting peace.

Rexford Newcomb.

FREDERICK SEATON SIEBERT
Director

Frederick Seaton Siebert was born December 13, 1902, at Tower, Minnesota. After graduating from the School of Journalism at the University of Wisconsin in 1923, he worked for several newspapers including the Hibbing (Minn.) *Daily News,* The Duluth *Herald,* and the Chicago *Herald-Examiner.* He joined the faculty of the University of Illinois in 1927, and was granted a degree of Doctor of Law in 1929. He was admitted to the Illinois bar the same year. During the year 1940-41 he served as professor of journalism at Northwestern University. He assumed the directorship of the School of Journalism on September 1, 1941.

SCHOOL OF JOURNALISM

The School of Journalism, in common with the other units of the University, is devoting its efforts to assisting in the prosecution of the war and in the maintenance of essential wartime civilian services. Efforts in these directions include accelerated graduation under the three semester program, a special course in wartime communications and censorship, and a two-year emergency program designed principally to train women to take over many of the essential services in the communications industry.

Four members of the faculty are at present serving in the armed forces. Of the many graduates of the School who are now in uniform, six are known to have given their lives in the service of their country.

The communications industry, including newspapers, magazines, and radio, is contributing its services wholeheartedly in the war effort. Not only is the public being kept adequately informed on the progress of the war and on wartime civilian activities, but millions of dollars worth of space is being devoted daily to the support of necessary wartime projects such as scrap drives, bond sales, and recruiting.

The School of Journalism is proud of the record of its faculty and graduates who are engaged in both military and civilian wartime activities.

SCHOOL OF PHYSICAL EDUCATION

SEWARD CHARLE STALEY
Director

Seward Charle Staley, Director of the School of Physical Education, was born at Sprakers, New York, on August 1, 1893. He secured a Bachelor's degree in Physical Education at Springfield College in 1917; a Master's degree in Hygiene at Clark University in 1920; and a Doctor's degree in Education at the University of Illinois in 1929. Professor Staley served as an athletic director in the army during 1917 and 1918. In 1920 and 1921 he served as Director of Athletics for the Greek Army in Asia Minor. He joined the staff of the Department of Physical Education at the University of Illinois in 1922, and was made Director of the School of Physical Education in 1937. He is the author of ten books and many articles in the field of physical education. Squash, rackets and hiking are his chief sports; collecting books on the history of sport, his chief hobby.

The School of Physical Education, established in the fall of 1932, includes two departments: The Department of Physical Education for Men and the Department of Physical Education for Women.

The work of the School centers in two major areas, namely: Conducting professional training curricula for men and women interested in becoming teachers of physical education, recreation workers, and athletic coaches; and conducting programs in physical education and recreational sports for the general student body.

During the current year the Men's Department has also been engaged in conducting programs in physical fitness for the Army and Navy college trainees located on the campus, all of whom are required to participate in these programs five or six hours weekly.

S. C. Staley.

THE COLLEGE OF LAW

ALBERT JAMES HARNO
Dean

Albert James Harno, Dean of the College of Law, was born January 30, 1889, in Holabird, South Dakota. After his graduation from Dakota Wesleyan University in 1911, he went to Yale, where he received the degree of Bachelor of Laws, *magna cum laude*, in 1914.

He practiced law in Los Angeles until 1917. Between 1917 and 1919 he was Dean of Washburn College of Law, Topeka, Kansas, and between 1919 and 1921, Professor of Law at the University of Kansas. In 1921 he was appointed Professor of Law at the University of Illinois, and, in 1922, Dean of the College. Since 1931 he has also served as Provost of the University.

He is a member from Illinois of the National Conference of Commissioners on Uniform State Laws, Chairman of the Section of Legal Education of the American Bar Association, Past President of the Illinois State Bar Association, a member of the Advisory Committee on the Revision of the Statutes of the State of Illinois, and a member of the Advisory Board of the Division of Delinquency Prevention, State Department of Public Welfare. He is a fellow of the American Academy of Arts and Sciences, and member of Phi Beta Kappa, Order of the Coif, and Phi Kappa Phi.

Democracy is founded on justice, and freedom is rooted in law. Liberty and justice complement each other; neither can exist without the other, and neither is likely to exist in a country that does not have a highly trained bar. Let there be no mistake on the role of the lawyer; he is essential to the operations of democracy in war or in peace. In time of war our country requires a highly trained bar to serve as leaders on the field of battle, to uphold and maintain the civil rights of its citizens, and to sustain morale. When victory comes and peace again prevails, it will need a well trained bar no less to assist its citizens in the orderly settlement of their disputes, to perform the functions of government, and to advance the cause of peace among nations.

The College of Law takes pride in the contribution it has made, through its faculty and graduates, to the jurisprudence of the State and the Nation, even as it acclaims the patriotic devotion of its students and graduates who have entered the armed forces to fight and, if need be, to give their lives for the principles they had avowed in civil life to support and promote. For the future the College is fully conscious of its responsibility to educate men and women not only in the skills of a craft, but as architects of enduring institutions in a free society.

Albert J. Harno

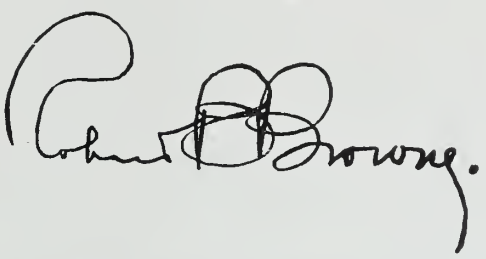

ALTGELD HALL

THE DIVISION OF UNIVERSITY EXTENSION

This year has found the activities of the Division of University Extension greatly modified by the war. The Engineering, Science and Management War Training program is administered by the Division. Since its beginning in 1941, this program has provided courses for more than thirty thousand men and women, nearly all of whom are employed in Illinois industries engaged in war production. They represent the higher level of employees, being actual or potential technicians, supervisors, scientists, engineers and the like. Classes have been held in fifty-four industrial areas. Funds for the program are provided by the Federal Congress.

In cooperation with the Armed Forces Institute, the Division provided instruction by correspondence to men and women in the Army, Navy, Marine Corps, and Coast Guard. These students are scattered all over the world. The lending library of educational motion picture films has acquired most of the films for classroom use that contribute to the understanding of the problems of the war and the peace.

All these activities were in addition to the peacetime programs of the Division.

ROBERT BELL BROWNE
Director

Robert Bell Browne, Director of the Division of University Extension, was born in Oshkosh, Wisconsin, on July 15, 1894. After attending the Southern Illinois State Teachers College, he entered the University of Illinois. Because his education was interrupted by his serving in the United States Army, he did not complete his graduation until the summer of 1922. After serving nine years as a high school principal and city school superintendent, he returned to the University of Illinois in 1929 to become an instructor in Education. His advanced degrees of Master of Science and Doctor of Philosophy were conferred by this University. At the time of the inauguration of University Extension he was appointed its first director. He has been in charge of the Division since that time.

ILLINI HALL

THE GRADUATE SCHOOL

ROBERT DANIEL CARMICHAEL
Dean

Robert Daniel Carmichael, Dean of the Graduate School, was born in Goodwater, Alabama, March 1, 1879. He was awarded his Bachelor's degree at Lineville College in 1898, and his Doctor of Philosophy degree at Princeton University in 1911. After coming to the University of Illinois in 1915 as Assistant Professor of Mathematics, he became Associate Professor in 1920. From 1929 to 1934 he was head of the Department of Mathematics. In 1933 he was appointed acting Dean of the Graduate School, and a year later he became Dean. He has published many articles on mathematical, philosophical, and scientific subjects, and is the author of several volumes on these subjects. Some of his works have been re-published in French translations.

The principal aim of graduate study is the development of the power and the promotion of the spirit of scientific and scholarly investigation. Through the attainment of this and other related aims, it yields its greatest service to the social process. War conditions and the achievement of victory require changes in emphasis but involve no major modifications of the primary aim of the Graduate School.

Scholarships and fellowships, established by the University Board of Trustees, are open to graduate students of exceptional ability and promise. Funds are available from several special sources for the support of additional fellowships, the purpose of which is to promote higher education and contribute to the extension and diffusion of knowledge. Several important individual research programs are encouraged and helped forward by the aid of resources which have been made available through the Graduate School and the Research Board. Some of these are of very great value in the social process.

THE LIBRARY AND LIBRARY SCHOOL

LEWIS FRANCIS STIEG
Assistant to the Director

The University of Illinois Library ranks first in size among American state universities, and near the top among all universities. Available here for students, faculty members, and research workers are 1,759,000 books, pamphlets, maps and other printed works. Some 50,000 volumes are added annually, filling approximately one mile of shelving. The facilities of the Library are distributed among a central building and a series of departmental libraries elsewhere on the campus, serving engineering, law, agriculture, architecture, chemistry, natural history, and other special fields. A full-time staff of 140 organize and administer the general library and its branches.

Extensive use of the resources of the Library is being made by the military and naval groups assigned to this University for specialized training.

In 1943 the University of Illinois Library School celebrated its fiftieth anniversary, the second oldest professional school in the University. Among the school's 2,500 alumni are many distinguished college, university, and public librarians scattered throughout the United States and in many foreign countries. A bachelor's degree is required for entrance to the school. One year's study leads to the degree of Bachelor of Science in Library Science, and a second year to the degree of Master of Science.

R. B. Downs

ROBERT BINGHAM DOWNS
Director

Robert B. Downs came to the University of Illinois as Director of the Library and Library School in August, 1943. Previously he had been librarian of Colby College from 1929 to 1931, librarian of the University of North Carolina, 1931-1938, and director of libraries of New York University, 1938-1943. He has also been a member of the New York Public Library and Columbia University Library Staffs.

Mr. Downs is active in various professional organizations. He is a fellow in the American Library Institute, a member of the American Library Association Council, and the Bibliographical Society of America. In 1940-41 he was president of the Association of College and Reference Libraries. His writings in the library field include several books and numerous periodical articles on library resources for advance study and research.

COLLEGE OF DENTISTRY

Dental Laboratory

HOWARD MITCHELL MARJERISON
Dean

Dean Howard Mitchell Marjerison was born in Lawrence, Massachusetts, on November 19, 1895. He received the degree of Doctor of Dental Medicine from Tufts College in 1916, and the degree of Doctor of Science (honorary) in 1942. Dean Marjerison interned at The Forsyth Dental Infirmary for Children during 1916-17, and joined the staff of Tufts College Dental School in 1917 as Instructor in Prosthetic Dentistry, holding various ranks up to Associate Professor and Head of the Department of Crown and Bridge and Partial Denture Prosthesis. He became Acting Dean of the Dental School at Tufts College in 1933 and Dean in 1934, and was appointed Dean of the University of Illinois College of Dentistry on September 1, 1940.

Dean Marjerison is a Trustee of The Forsyth Dental Infirmary for Children, and a member of the National Board of Dental Examiners, the American Academy of Dental Science, the Robert R. Andrews Honorary Society, Sigma Xi, and the International Association for Dental Research.

COLLEGE OF DENTISTRY

The College of Dentistry has been operating on a war basis during the past year. In order to increase the supply of trained dental personnel for the Army, Navy and civilian population, the curriculum has been accelerated, and courses are given on a year-round basis, thus enabling a student to complete the required subjects leading to the degree of Doctor of Dental Surgery in three years rather than the normal period of four.

Of the present total enrollment of 233 students, 200 are enlisted in the Army Student Training Program or the Navy V-12 Program. The majority of the class graduating in June, 1943, immediately entered active military service as officers in the dental corps. Over thirty members of the faculty have entered service and are serving in many of the combat theaters.

It is the aim of the College of Dentistry not only to train competent practitioners for the Army, Navy and civilian population, but to promote scholarly investigation and research with a view toward refining and improving methods of treatment and control. Since its inception the College of Dentistry has been in the vanguard of those colleges which have maintained the highest educational standards. Admission requirements consist of sixty semester hours of prescribed credits from a college of liberal arts and sciences.

COLLEGE OF MEDICINE

RAYMOND BERNARD ALLEN
Dean

Raymond Bernard Allen, Executive Dean of the Chicago Colleges and Dean of the College of Medicine, was born in Cathay, North Dakota, on August 7, 1902. He attended the University of Minnesota where he received the degrees of Bachelor of Science in 1924, Master of Arts in 1925, and Doctor of Medicine in 1928. He was an assistant in Anatomy at the University of Minnesota from 1924 to 1927 and a fellow on the Mayo Foundation from 1930 to 1933. On the basis of his work in the graduate Faculties of the University of Minnesota and the Mayo Foundation the degree of Doctor of Philosophy was granted in 1934. From 1933 to 1936 he was Associate Dean in charge of graduate studies at the College of Physicians and Surgeons, Columbia University, and Associate Director of the New York Postgraduate Medical School and Hospital, Columbia University. He served as Dean of Wayne University College of Medicine from May, 1936, to September, 1939, when he took up his duties as Executive Dean of the Chicago Colleges. Since September, 1943, he has been Dean of the College of Medicine.

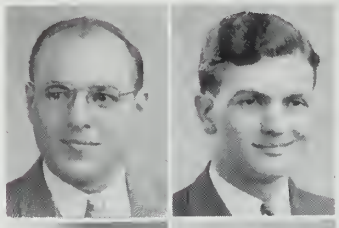

This year, 1944, is one of the great decisive years in history, a date to be forever remembered commemorating the "Victory of our Allied Nations" which the Illio is celebrating. No military victory in history perhaps symbolizes so clearly the interrelationships and interdependence of all phases and activities of modern life. Medicine is playing its part by conserving man power with ever-increasing efficiency. Newer methods of treatment of battle and industrial casualties have been significant contributions. Newer developments in the fields of preventive medicine, nutrition, and tropical medicine make possible new opportunities for healthful, happy living for all mankind. Just as in other fields, medical men will be called upon to help in the reconstruction of the devastated nations of the world. The American people will rise to these larger international responsibilities as they have met the great challenge of the war.

COLLEGE OF PHARMACY

Laboratory

COLLEGE OF PHARMACY

EARL ROY SERLES
Dean

Earl Roy Serles was born near Salem, South Dakota, November 18, 1890. By 1917, he had received his Ph.G., B.S. in Pharmacy, and M.S. in Chemistry and Pharmacy from South Dakota State College. He received his Ph.D. in Pharmacology from the University of Minnesota in 1934. From 1913-1940 he served on the faculty of South Dakota State College of Pharmacy and was dean from 1923-1940. In 1940 he came to the Chicago campus of the University of Illinois, as Dean of the College of Pharmacy.

He is a member of the American Pharmaceutical Association and the United States Pharmacopoeia Revision Committee. He was formerly a member of the Advisory Council of the South Dakota Public Health Association, and President of the American Association of Certified Pharmacists, 1938-1939, and is a member of Gamma Alpha and Rho Chi fraternities, and Blue Key. He served in the Medical Corps during World War I. Dean Serles has contributed many articles on pharmacy to scientific journals and other publications and is well known for his discoveries and experimentation.

The College of Pharmacy of the University of Illinois, like so many other institutions of similar character, has experienced certain changes in the time-schedule of courses offered. It has, however, maintained a full teaching program of the curricula normally required for the Bachelor's degree. Many of our students and former graduates are now serving in the armed forces of nearly all branches of the Army and Navy, and the reports coming from them and their commanding officers indicate that they are rendering yeoman service to their country.

Late in 1942 an Enlisted Reserve Corps for Pharmacy students was established on the Campus, with approximately 125 of the students voluntarily joining this branch of the service. Some 25 or 30 enlisted in the Naval Reserve provided for students in professional schools. These units remained at their regular studies until called to active duty in April, 1943. Upon completion of their basic training some of them have been assigned to various units in the Medical Administrative Corps, while others have been accepted under the Army Student Training Program for futher training. The establishment of the Pharmacy Corps in the United States Army will afford commissioned rating to graduates of recognized colleges of pharmacy, as soon as the military organization of the Corps has been affected.

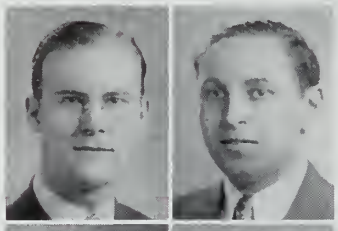

Many of the staff have likewise engaged in either military service or essential war activities. Those remaining have carried additional teaching loads, are now actively engaged in planning for the post-war developments which must be provided for the rehabilitation of the pharmacist whose regular professional program has been so seriously interrupted.

CONFERENCE MEDAL WINNER

The famous Whiz Kids really included a sixth member in the person of Edwin "Ace" Parker who was invaluable to the team as the number one substitute. Parker, however, was good enough to win a regular berth on any other collegiate team in the land. Besides winning recognition as a basketball player, he played first base on the Illini nine and figured prominently in the team's impressive string of victories. Parker was equally outstanding as a student having graduated with honors from the College of Liberal Arts and Sciences. While at the University, he was popular with his fellow classmates and a leader in the Phi Delta Theta fraternity. These accomplishments made him the logical choice of the Athletic Association for its annual presentation of the Conference Medal Award which is awarded on the basis of scholarship, athletic ability, and good fellowship. He is, at present, a member of the United States Army.

Edwin S. Parker
Conference Medal Winner

MOST VALUABLE PLAYERS

ANDREW M. PHILLIP
Basketball

Among the Three Most Valuable Players selected from the long list of Illinois' sport heroes of 1943, the name of Andy Phillip is perhaps the most outstanding. "Handy" Andy, as he was known to Illini fans, broke almost every conference scoring record in basketball. With Phillip in the line-up, Illinois won two successive basketball championships without the loss of a single conference game in 1943. He was selected the Most Valuable Player in the conference over such established stars as Otto Graham of Northwestern and Johnny Kotz of Wisconsin and was honored on every All Star team in the country. Not only did Phillip excell in the court game, but he compiled an enviable record as a pitcher on the Illini baseball team. While at the University he was an active member of Delta Tau Delta fraternity and is now on active duty with the United States Marines.

BOYD BARTLEY
Baseball

Boyd Bartley, captain and short-stop, named the Most Valuable Player of Illinois' 1943 baseball team was one of the most talented athletes to play on an Illini nine since Lou Boudreau made diamond history several years ago. His superb fielding and timely hitting sparked the team to many victories throughout the season. Bartley was graduated from the school of Physical Education and is a member of Sigma Nu fraternity. Upon graduation he was signed by the Brooklyn Dodgers where he played short-stop for several weeks before being sent to Montreal for additional experience. At the present time, however, he is serving in the United States Army.

EDWARD C. BRAY
Football

Eddie Bray, 17-year-old 147 pound freshman, has taken his well earned place among Illini all time gridiron greats. Star half-back of Illinois' wartime civilian team, Eddie earned top honors as the leading ground gainer in the conference over such veterans as Tony Butkovich of Purdue and Bill Daley of Minnesota. He averaged 7.2 yards per try behind one of the lightest and most inexperienced lines in the history of the sport at Illinois. At an age when most college athletes confine their football activities to occasional scrimmages with the varsity, Bray was thrilling thousands of spectators as he made brilliant 80 and 90 yard runs against the most outstanding teams in the nation. Eligible for three more years of competition, Bray may prove a serious threat to the records set by Illinois' immortal "Red" Grange.

ILLINOIS 0 CAMP GRANT 23

The "Fighting Illini" opened the 1943 football season with the youngest, and most inexperienced team in 54 years of intercollegiate competition. With its personnel made up almost entirely of freshmen, Illinois held the powerful Camp Grant eleven to only 23 points. The Warrior team, not only outweighed the Illini, but presented a football machine made up of seasoned ex-college and professional stars.

Halfback Tony Storti, who gave the brightest exhibition of running for the boys in khaki, played freshmen football at the University of Illinois last fall. He was the first ex-Illini to harass his Alma Mater during the 1943 pigskin parade. Encouraging notes in the Illini defeat were the ball-carrying ability demonstrated by Halfback Eddie McGovern, a junior, and the fine defensive play of tackle Bob Prymuski.

ILLINOIS 18 IOWA SEAHAWKS 32

An Iowa Seahawk team made up of such stars as Frank Maznicki, former Chicago Bears halfback, Dick Todd of the professional champion Washington Redskins, and Perry Schwartz, ex-Brooklyn Dodger footballer, provided opposition for the "Fighting Illini" in the season's second game.

The first Illini marker was made in the first quarter when Fullback Bill Krall

BASSEY, *Back* KANE, *Center* BRAY, *Back* BUTKOVICH, *Back*

BUJAN, *Fullback* CISZEK, *End* CURRY, *Center* FORST, *Tackle*

caught a pass thrown by Halfback Eddie Bray, and raced five yards for a touchdown. In the third period Krall again scored on a magnificent kickoff return of 83 yards. Illinois' last touchdown came early in the last quarter on a five yard pass from Bray to Quarterback Theron Bradley.

Jimmy Smith, captain of the 1942 Illinois eleven, alternated at left half for the sailors. Tackle Bob Prymuski and Fullback Eddie Nemeth, of the current Illini, playing their last game before induction into the army, contributed largely to the Illinois attack.

ILLINOIS 21 PURDUE 40

In a game which might well have been an Illinois Varsity-Freshman scrimmage, Purdue defeated the Illini by a score of 40 to 21. The starting Boilermaker eleven, undefeated during the 1943 campaign, had six former Illinois stars who were sent to Purdue for Marine training. This group included: Tackles Mike Kasap and John Genis; Ends Joe Buscemi and Frank Bauman; and all-Americans Tony Butkovich, fullback, and Alex Agase, guard.

Illinois' first score came in the last 30 seconds of play in the first half when Quarterback Don Greenwood plunged over left guard from the 3-yard line. In the third period Fullback Chester Sajnaj chased a blocked-punt on the Purdue 23 all the way back to the end zone where he recovered it for another Illinois marker. One more touchdown was made possible in the last quarter of play when

Halfback Eddie Bray cut loose with a spectacular 70-yard run. Eddie McGovern, halfback, made three kicks after touchdown count.

ILLINOIS 25 WISCONSIN 7

The hard work and determination of Coach Ray Eliot and his charges were finally rewarded as the Illini swamped the Wisconsin Badgers by a 25 to 7 score. Illinois dominated play from the opening kickoff, and not until late in the final quarter when the Illini sent in the second team were the Badgers able to cross the goal line. It was the most decisive defeat that Illinois has handed a Wisconsin team since a "Fighting Illini" eleven won 20 to 0 in 1933.

The first Illinois touchdown came late in the first half when Halfback Eddie McGovern plowed over from the 10-yard stripe. A few minutes later the Illini scampered to another tally on a 27-yard end run by Quarterback Don Greenwood. In the third period Fullback Chester Sajnaj drove over from the 1-yard line for the third touchdown. Illinois' final scoring came in the last few minutes of the third quarter when Center Jack Kane intercepted a Badger pass and ran 54 yards down the sidelines. Fullback Clancy Tohn kicked the extra point.

ILLINOIS 33 PITTSBURGH 25

An inspired and determined Illini team outscored the Pitt Panthers in the first football contest in history between the two schools. It was a battle of "T" forma-

GEROMETTA, *Guard* GREENWOOD, *Back* HAZELETT, *End* HELBLING, *Tackle*

Joop, *Tackle* Bradley, *Back* Kearney, *Tackle* Leistner, *Guard*

tions with Coach Ray Eliot employing a simpler version of the intricate offensive.

In the first quarter Halfback Eddie Bray crossed the goal line from the 25-yard stripe. Bray counted again in the same period on a 39-yard run off left tackle. With two minutes left in the first half, Eddie McGovern, 157-pound halfback, scored from the Pitt 11-yard line. In the final period McGovern, the nation's leading scorer at Rose Poly last year, gave an impressive demonstration of broken-field running as he went 64 yards for another touchdown. Six plays later McGovern was loose again, and on an end run tallied from the Panther's 12-yard line. McGovern connected for two points after touchdown, and Quarterback Don Greenwood for one.

Outstanding in the Illinois line were tackle Pete Perez, and veteran Guard Ralph Palmer, who was playing his last game before induction into the army.

ILLINOIS 0 NOTRE DAME 47

The "Fighting Irish" of Notre Dame, the number one team of the nation, proved to be an uneven match for Coach Ray Eliot's gallant, but inexperienced civilian football aggregation. Loaded with Marine trainees, the Notre Dame lineup was filled with all-American players. It included: Tackle Jim White; End John Yonakor; Halfbacks Julie Rykovich and Creighton Miller; and Quarterback Angelo Bertelli, who ranks as one of the game's greatest all time passers.

Rykovich, one of Notre Dame's most powerful and consistent ground gainers, was a member of the University of Illinois freshmen football squad last fall. He was the ninth former Illini to play against his Alma Mater during the hectic 1943 football season. Outstanding in defeat were Illini Guard Art Gerometta, and Fullbacks George Bujan and Chester Sajnaj.

ILLINOIS 6 MICHIGAN 42

A talented and experienced Michigan team barred the way for a 1943 Illini Homecoming victory. The Wolverine eleven, losing only to Notre Dame for one of its best seasons, had such outstanding stars as Elroy Hirsch and Paul White, halfbacks, and all-Americans Bill Daley, fullback, and Fred Negus, center.

The lone Illini touchdown came in the second half, after a drive that started from the Michigan 33-yard line. On the 17-yard marker Halfback Eddie Bray threw a short pass over the line to Halfback Eddie McGovern who went all the way for the score.

Illinois made 11 first downs to 189 yards by rushing, 179 of them by Bray and McGovern. Daley and Bray tied at the end of the season for Conference rushing honors with a 7.1 average. Shining lights in the Illinois line were :Ralph Serpico, guard; Jack Kane, center; Lester Joop, tackle; and End Max Morris, who was playing his last game before leaving for army duty.

ILLINOIS 19 IOWA 10

Illinois won its third game of the season, and its second in Conference competition against the Iowa Hawkeyes on a rain-soaked field. It was a nip and tuck battle all the way with the Illini finally coming out on top of a 19 to 10 score.

The first Illinois touchdown came early in the first period when Quarterback Don Greenwood bucked over center from the 4-yard line. Halfback Eddie McGovern kicked the extra point. Later in the same quarter Halfback Eddie Bray scored through right tackle from the 3-yard marker. With two minutes remaining in the first half, McGovern intercepted an Iowa pass on his own 5 and ran down the sidelines for 95 yards and another Illinois touchdown.

Starring on defense for the Illini were Tackle Larry Forst, and Fullback George Bujan, who collected more tackles than any other player on the field.

ILLINOIS 26 OHIO STATE 29

In a sensational and dramatic climax to the game deciding the mythical civilian championship of the Conference, Ohio State edged out Illinois by a 29 to 26 "overtime" score. After the gun was fired ending the game, and the players had left the field, the officials decided that Illinois was offside on the last play. Twelve minutes later the teams were called back to play off the penalty. With Ohio in possession of the ball on the Illinois 27, sub Quarterback John Stungis kicked a field goal for the three points that spelled victory for the Scarlet and Gray.

Illinois made the opening touchdown when Halfback Eddie McGovern broke through right tackle for 63 yards. Another Illinois tally came in the first period on a linebuck by McGovern from the 2-yard line. In the second half Quarterback Don Greenwood plowed over from the 1, and promptly kicked the extra point. The final Illinois touchdown was accomplished in the last quarter when Greenwood again plunged over from the 1-yard line, after a sensational 55-yard run by Halfback Eddie Bray.

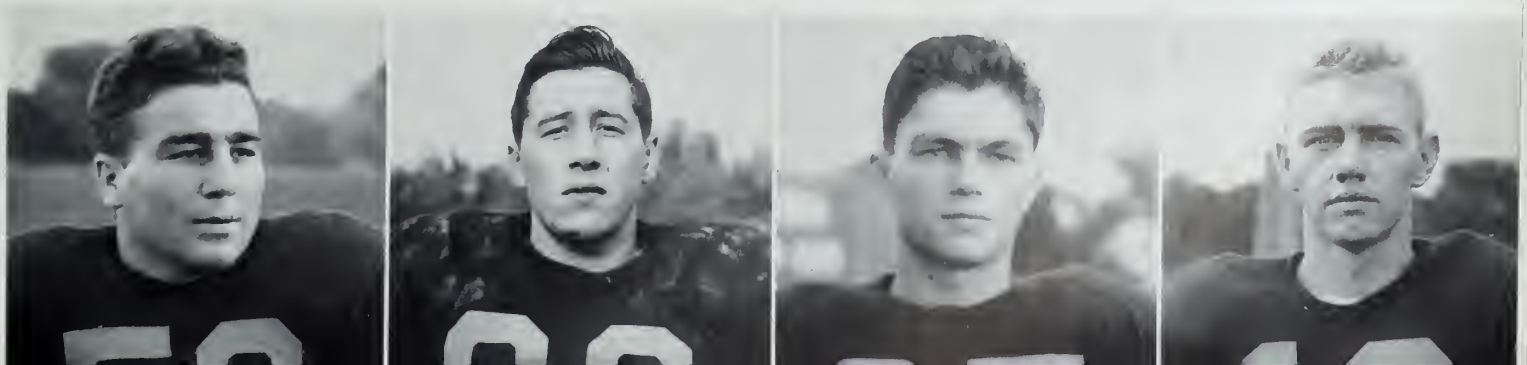

ILLINOIS 6 NORTHWESTERN 53

In the season's finale, a powerful Northwestern eleven proved to be too much for Coach Ray Eliot's Illini, worn by the gruelling 10-game season against some of the nation's strongest teams. Northwestern, determined to revenge last year's defeat by Illinois, was led by all-American Otto Graham and lived up to all its pre-season expectations of greatness.

Halfback Eddie Bray, Illinois' 147-pound candidate for all-American honors, and named the most valuable player for the Orange and Blue, ended his first year of college football in a blaze of glory. In the third period, with Northwestern leading 34 to 0, Bray received a Wildcat kickoff on his own 10. With almost uncanny speed he bolted across the gridiron, evading one tackler after another, until he had gone 90 yards for the only Illinois touchdown of the game.

Bray was equally spectacular as safety man on defense. Throughout the game he succeeded in pulling down Wildcat runners who had broken into the clear.

VARSITY BASKETBALL

The Whiz Kids minus Andy Phillip, on furlough from their army duties, came back to Huff Gym for a night to inaugurate the 1944 basketball season. The fighting spirit of Illinois caught on with Coach Doug Mills' latest proteges inspired by the presence of the immortal athletes, and the new Illini labeled the Gee Whiz Kids won 51 to 35.

In the season's second game Illinois routed Detroit University, 56 to 26. The Bluejackets from Great Lakes were next on the schedule, and Illinois, seeking to make it three straight, succumbed to a last minute rally that enabled the Sailors to win 52 to 44.

The defeat by Great Lakes served as an incentive for greater effort on the part of Coach Mills' talented five. The result was four more games, and four straight victories. First came a 39 to 29 win over the Missouri Tigers at Columbus. Dick Foley, guard, unleased a scoring barrage that netted 16 points.

Kentucky was next and this time Illinois won by a thrilling 43 to 41 score. Howard Judson, guard, copped scoring honors with 16 points.

A strong, determined team from Great Lakes visited Illinois at Huff gym, and

GILLESPIE JUDSON KIRK

it was not long before the Sailors discovered that the Illini were set on revenging the only defeat handed them thus far in the season. With Junior Kirk, guard, recording 17 points, and Foley, who was playing his last game before reporting for army duty, performing brilliantly on defense, the Orange and Blue won, 64 to 51.

The opening of the Big Ten season found the Illini in Madison for one game against Wisconsin. The visit was pleasant for the boys from Champaign as they added another victory to an already impressive string. The score was 45 to 43.

One week later Illinois played host to the Badgers, but this time ended up second best in the scoring, 43 to 28. The Wolverines of Michigan provided the opposition for the Illini in the next Big Ten test, but again Illinois figured in the loss column, this time by a 52 to 44 count.

The hapless Maroons of Chicago gave the Illini a breathing spell as Coach Mills' tired athletes coasted easily to a 69 to 32 victory. Kirk and Stan Patrick, guards, were standouts on offense with a total of 29 points between them. Gordon Gillespie, center, also starred.

Then on to Iowa City for a two game series with the team favored to win the Conference championship. Dick Ives, the Iowa Hawkeyes sharp shooting forward, proved too much for Illinois as they bowed in two closely contested games by scores of 56 to 51, and 53 to 44. Patrick managed to break through a tight Iowa defense for 32 points in the two games.

MORTON PATRICK SEYLER

The University of Kentucky, ranked as one of the nation's leading teams, and smarting from a defeat by Illinois earlier in the season, came to Huff gym for an encore and succeeded in evening the count by winning 51 to 40.

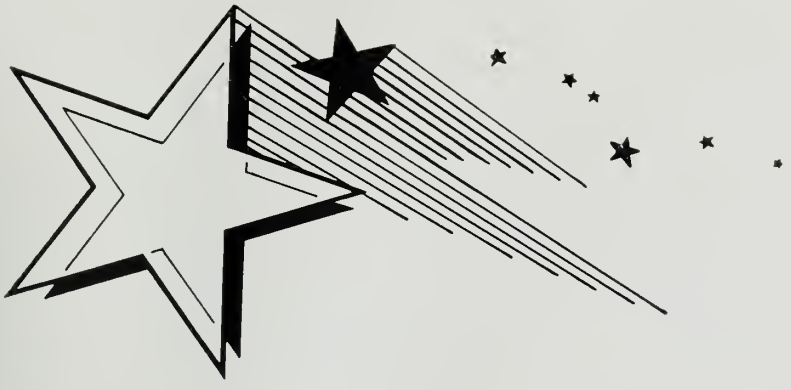

But the lads from Illinois bounced right back into the win column when they travelled again to the Chicago Stadium and took on DePaul. The Illini won, 45 to 33, over the Blue Demons who had beaten the best teams in the land. The ball-handling of Jim Seyler, guard, was a highlight of the game.

The Illini ran into more trouble as they lost one game to Northwestern, 42 to 29, and two games to Ohio State, the 1944 Conference Champions, by scores of 52 to 41 and 54 to 53. In the first game with the potential champions Kirk scored 13 points, and Patrick came through with 14. Bob Morton, forward, hit three quick baskets in the closing minutes of the second game which almost brought an Illini victory.

The Illini quintet closed the 1944 season in brilliant form with three straight victories. First a win over Northwestern in the Chicago Stadium, 50 to 47, with Judson, Kirk, and Howard Staab, forward, making a total of 34 points against the Wildcats. Then two games with Minnesota's Gophers at Huff gym and two more decisive victories, first 50 to 32, and then by a 53 to 27 count. Patrick and Kirk, the leading Orange and Blue point-getters compiled a total of 57 points in the two game series.

VARSITY TRACK

The Orange and Blue traveled to Des Moines for their first outdoor track meet on April 23 and 24. Coach Leo Johnson sent his untried squad into the Drake Relays hoping for the best. And the best they were, for they won five relay events. This boosted their total first place victories since the Relays began to 62, twice as many as their closest competitor.

Every man on the Illini squad ran the race of his life in the only dual meet of the outdoor season. For the first time in thirteen years, the Orange and Blue were victorious over the ever-powerful Michigan team on the Illinois field. The score, 62 to 60, is an indication of the see-saw battle which was not decided until the final event. Bob Kelley handed national champion Bob Ufer a thrilling defeat in the 440 yard dash, and then came back to beat Roxborough in the half mile event.

DUNN

GLADDING

GONZALEZ

GOODELL

VARSITY

Herb Matter was in his best form and collected 21 points by winning the low hurdles, 220 yard dash, broad jump, and tying for first place in the high jump and pole vault. The climax of the meet was the surprise showing of Illinois' Bekermeir who placed three seconds.

The Illini trailed Michigan's fourteen qualifiers with ten in the Conference meet at Evanston on May 14 and 15. Once again the Illinois cindermen pressed hard but were nosed out by Michigan, 53¾ to 47¼. Johnson's boys were either hot or cold, capturing four first places to none for Michigan, but failing to place in other events. Bob Kelley was high point man for Illinois by winning both the 440 and the 880 yard runs. Dunn won the mile, Bekermeir placed second in the high hurdles, and Seib took fourth in the mile. The mile relay was a see-saw battle with Bob Kelley nosing out Bob Ufer for an Illini victory. Herb Matter

valiantly participated with three stitches in his leg from an injury the day before. He totaled 8¾ points, but had to relinquish individual honors to Ohio's Dupre who won three firsts.

Claude "Buddy" Young, freshman, equaled the world's 60-yard dash record of 6.1 seconds twice to highlight the 1944 indoor season, which saw the Illini, composed of freshmen Bob Hinkle, Ranis Thomas, Ralph Dowling, and LaVerne Campbell, and augmented by Captain Bob Kelley and Marce Gonzalez, defeat Ohio State here in the indoor opener, 71⅗ to 31⅖. In a triangular meet Illinois scored 64½ points to Purdue's 32½ and Notre Dame's 32. Michigan defeated the Illinois in their final dual appearance, 66⅓ to 37⅔.

Young, together with the mile relay team, scored wins in the annual Millrose games in New York in their initial appearance.

VARSITY BASEBALL

The University of Illinois opened its 1943 baseball season with a 3 to 0 triumph over Illinois State Normal. Andy Phillip, pitching seven innings before being relieved by Johnny Brittin, struck out eight batters and was credited with the victory. Capt. Boyd Bartley, shortstop, collected three hits including a double.

In the second pre-conference game the Illini defeated Western Teachers of Macomb, 7 to 4. Coach Roettger's proteges were limited to five singles, but capitalized on four Western errors. Johnny Brittin started the game and was replaced in the fifth by John Charcholla who went on to get credit for the win.

The Illini started off in Big Ten competition by whipping Minnesota 8 to 5. Joe Van Hooreweghe, center fielder, broke a 5 to 5 tie in the sixth with a single that scored Andy Phillip from third. Van Hooreweghe also added a triple and a home run to cop the day's hitting honors. Andy Phillip, winning pitcher, struck out eight batters while giving up an equal number of hits.

In the second game with the Gophers the Illinois nine broke up an 8 to 8 deadlock in the ninth with a typical Illini rally to win by a 9 to 8 margin. Johnny Brittin did the pitching chores for seven innings before Al Scharf took over and succeeded in chalking up his first victory.

The Illinois string of four consecutive victories was broken by Western Michigan, 6 to 2. Bartley came through with two of his teams three safeties, and with

Julie Rykovich, left fielder, pulled off a double steal in the eighth.

Coach Roettger's baseball squad ran into more bad luck as it lost two straight games to the University of Michigan. The score of the first game was 5 to 2. In the second game the Wolverines stopped Illinois 6 to 4, although they were outhit by the Illini. Pitcher Johnny Brittin held Michigan to one hit in nine innings, but Illinois' errors proved too costly.

A two run rally in the ninth gave Ohio State a 6 to 5 edge over Illinois in the first of a two game series. A last inning Illini rally faded when George Balestri, right fielder, was thrown out on an attempt to steel third after tripling to right center. The next day the Illini came back to revenge the defeat, solidly drubbing Ohio 13 to 0. Andy Phillip, Illinois' immortal basketball star, played right field, center field, second base, had a perfect day at the plate with four for four, and was credited with two stolen bases. "Ace" Parker, first baseman, got two safeties, and Capt. Bartley three. Al Scharf pitched all the way for the Illini, giving up but one hit while scoring his second win of the season.

The Navy Wings from Lambert field, composed mainly of former major leaguers, singled seven times in the seventh inning for six runs, and broke up what had previously been a close ball game. The Navy won 8 to 1. Bartley scored the lone Illinois run in the ninth after Phillip singled and sailor outfielder

Mal Hein threw wild to third.

Behind the superb pitching of Andy Phillip the Illini defeated Camp Grant 4 to 3. Julie Rykovich prevented a Camp Grant rally in the eighth inning when he crashed into the left field wall to haul down a 365-foot blow off the bat of soldier Wally Wrone.

Andy Phillip, the Illini work horse, held Purdue to three scattered singles as Illinois shut out the Boilermakers 10 to 0. It was a field day for the Illini batsmen as they collected 16 hits. Julie Rykovich clouted a homer, and three singles. Boyd Bartley came through with three singles, and Lee Eilbracht, catcher, and Pete Gotfryd, second baseman, had two hits apiece.

Illinois was also victorious in the second game of the series with Purdue 3 to 1. Al Scharf pitched the entire distance for the Orange and Blue, and had eight strike-out victims. Van Hooreweghe's double was the only extra-base hit for the Illini.

In the season's finale the Illinois team bowed to powerful Great Lakes by a 7 to 2 score. Mickey Cochrane's sailors, boasting a team made up of seven former major league players, were held to one run by Andy Phillip for six innings before their experience and professional skill finally proved even too much for the indomitable Illini spirit. Highlights of the game were the three double plays pulled off by Coach Roettger's athletes.

VARSITY TENNIS

Under the direction of Coach Ralph Johnson the Illinois tennis team swept its dual meet schedule and finished second in conference competition. The talented Illini racqueters defeated Wisconsin, Michigan, and Ohio State by scores of 5 to 4, while outclassing Chicago 8 to 1. In the Big Ten meet, Ken Clapper and Frank Saikley, and Jack Clatfelter and Bob Weaver won doubles crowns in the second and third divisions; Weaver brushed off all opponents in sixth division singles. Jim Gates and Jim Lathrop, as Illinois' No. 1 and No. 2 singles entrants, compiled a creditable record playing against the best players of the conference.

Coach W. W. Brown McCarthy Tapscott Modjeska Turbow

The Illini golf team, coached by Winsor Brown and captained by Jim McCarthy, defending individual champion of the Big Ten, won five of its seven conference dual meets during the 1943 season. The Orange and Blue golfers defeated Indiana twice, and Ohio State, Chicago, and Northwestern once while dropping close contests to Michigan and Minnesota. In the Big Ten meet Illinois placed fifth, and McCarthy surrendered his crown after leading the field for 36 holes. Other members of the team included Gene Modjeska, Bob Tapscott, Charles Turnbow, Roger Larson, and Herb Matter.

STUDENT AFFAIRS AUDIT AND SUPERVISION COMMITTEE

The Student Affairs Audit and Supervision Committee is composed of five students chosen by the Student Senate, three faculty members chosen by the Committee on Student Affairs, and a member of the Dean of Men's staff. It is a subcommittee of the Committee of Student Affairs composed of those who act as the supervising body for all activity functions approved by the Student Affairs Committee. The Auditing Committee has the final control over collection, printing, and auditing of tickets, programs, decoration, expenditures, and all other student managed activities which are arranged by individual committees. Approval of completed plans for a coming event must be secured from this committee before final steps are taken.

It is the function of the Illini Union Board to unify and coordinate student activities. The Board supervises the functions and services of the Illini Union which is defined in its Constitution as including all the students on campus. All University dances except class dances are under the jurisdiction of the Board, as are special days and events, and student use of the Illini Union Building. Any profit from Illini Union functions are redistributed to the students in the form of free services and entertainment, in accordance with a budget approved by the Board.

In the weekly meetings of the Illini Union Board, each director reports upon the work of the committees in her department and presents the committees' plan for future programs for suggestions and criticism. The choice of major chairmen by the directors is subject to the approval of the Board. Successors to the directors are chosen by the Board on the basis of ability and service to the Illini Union.

The representative of independent men and women and sorority and fraternity men and women are chosen by the Dean of Men's Council and the Dean of Women's Council. These representatives suggest ways in which the Illini Union may be of service to students and cooperate with their groups. They are responsible for bringing to the Board the views and opinions of the campus groups.

The twenty-four major chairmen of the Illini Union form the Illini Union Council. The Council meets bi-monthly and each chairman reports to the group on the work of his committee. In these meetings each chairman becomes better acquainted with his co-workers. He also gets a concept of the functioning of the Union as a whole and of the activities of departments and committees beside his own.

DEPARTMENT OF PUBLIC SERVICE

Information Please

Publicity in the Making

The Department of Public Service is responsible for the Illini Union's contacts with other organizations. The Office Management Committee is in charge of Room 209, Illini Union Student Activity office. It manages the business of the office and does the necessary clerical work. Its members also act as receptionists.

The Guide and Travel Committee plans tours of the campus for any visitor who would like to see places of special interest. It has cooperated with the U.S.O. in providing tours for service men, and with the Orientation Committee in planning tours for freshmen.

The Orientation Committee has been assigned by Dean Turner the duty of planning Freshman Activity Night, a program given each fall to introduce new students to activities in which they may participate. The committee also presents a series of meetings for freshmen, which will acquaint them with the University and make them feel a part of the student body.

Orientation Committee Interviews a Freshman

THE ILLINI UNION

DEPARTMENT OF PUBLIC SERVICE

All publicity for the Illini Union is handled by the Publicity Committee, which works with a publicity representative from each major committee to plan newspaper releases, handbill distribution, posters, special effects and personal and group contacts.

Students welcome and entertain guests at mixers, open houses, receptions, and other Illini Union events. These students are members of the Hosts and Hostesses Committee, which was newly organized this year.

On the first floor, the Information Committee has a booth where anyone may come to learn about the campus and town events and meetings, locations of buildings, and campus activities. This service, also, was newly instituted this year.

In addition to these functions, the Department of Public Service carries on the Union's relations with various national student and campus organizations.

THE ILLINI UNION

DEPARTMENT OF SPECIAL AFFAIRS

Homecoming Dance

Yea, Illini!

The first special affair on the Illinois campus this year was Dad's Day. The Department of Special Affairs registered all the Dads and provided bright orange tags to identify them. The President's Informal Reception was given in the Pine Lounge of the Union. There was also a special music hour and a ballroom dance. The Illini Theater Guild presented "Arms and the Man."

Homecoming was a typically collegiate celebration, with some alterations—a University of Michigan A.S.T.P. master of ceremonies at the pep rally, our first women cheerleaders, and Princess Illiniwek to take the place formerly occupied by the Chief. The Illini Union Pine Lounge was the scene of a lively coffee hour in the morning, and the Homecoming Stunt Show was another high point, with the campus man-power shortage as the theme. Badge sales went over the top with a complete sell-out. "Marching Illini," a colored sound movie of the University in war time, was shown. The weekend was climaxed by two Homecoming dances, one in Huff Gym, a sellout, and the other a record dance in the Union Ballroom.

Founder's Day

"Mirth of a Nation"

THE ILLINI UNION

DEPARTMENT OF SPECIAL AFFAIRS

The School Loyalty Committee managed the pep rallies before the Dad's Day Illinois-Pittsburg game and the Homecoming game. Brief basketball pep rallies were made a part of All-University sings.

This year's All-University Sings introduced Geronimo Giraffe, who appeared on the Broadwalk to advertise each sing. A capacity crowd of service men and civilian students turned out to fill the Auditorium every two weeks. Taking the spotlight from time to time were local bands and student entertainers.

The second annual Illini Union Show, a student-written production, was open to both civilian and G. I. talent. Titled "The Mirth of a Nation," the musical comedy satirized political life in Washington.

The seventy-sixth birthday of the University of Illinois was observed with a special program on March 2, Founder's Day.

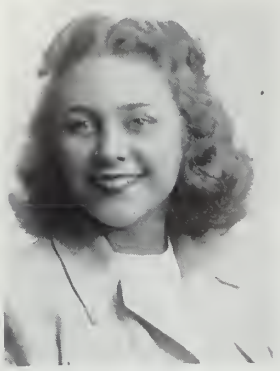

Mother's Day entertainment presented by various campus organizations was coordinated by the Department of Special Affairs, which also presented the traditional procession, the crowning of the May queen, and sales of corsages.

THE ILLINI UNION DEPARTMENT OF DANCES

Dancing in the Commons

Saturday Night

The Department of Dances provides a wide variety of dances for the campus.

On Tuesday evenings in Room 314 of the Illini Union, square dancing classes are held for those students who wish to relax a bit before studies. Wednesday nights beginning dancing lessons are offered free of charge, followed by brief mixers which give the students a chance to profit by the instruction.

New Year's Eve

Dancing in the Gothic Room

THE ILLINI UNION DEPARTMENT OF DANCES

Club Commons on alternate Fridays is a novelty in campus entertainment with its dancing, refreshments, and floor show.

The beautiful Union Ballroom is always thriving with activity on Saturday nights, for couple dances and mixers are a weekly feature.

In addition to all of these dances, special Huff Gym dances are given throughout the year, often featuring big name orchestras.

THE ILLINI UNION

DEPARTMENT OF WAR SERVICE

Scrap Books

Mixer

The Department of War Service coordinates the student war work done on the campus. It is composed of a number of committees, each having its own functions and working in cooperation with other university organizations.

The Committee in Cooperation with the U.S.O. provides the Champaign and Urbana U.S.O.'s with women hostesses. It also plans entertainment for one night a week at each U.S.O. The Red Cross Committee rolls bandages, assembles kit bags, and makes scrapbooks which are sent to Army hospitals, troop ships and trains.

Throughout the year War Stamps are sold by the War Savings Committee and its committee members, the Minute Maids. During the holiday season and at special University dances this group sponsored the sale of war stamp corsages.

The Minute Maids

THE ILLINI UNION

DEPARTMENT OF WAR SERVICE

The Salvage Committee worked with Torch in promoting the salvaging of necessary war materials.

Every Sunday afternoon the Committee for Recreation for Servicemen sponsors a dance in the Illini Union for service men in the University. This committee also co-operates with Panhellenic and W.G.S. in planning Open Houses and other entertainment for service men given by the members of these organizations in their own houses. Early in the fall this committee helped with the War Chest Dance, the profits of which were the Illini Union's contribution to the student War Chest Drive. Another attractive feature of the Recreation for Service Men Committee is the Illini Union Open Houses which are held for each group of service students when they enter the University.

THE ASTP—V-12 ILLINI UNION COUNCIL

Company representatives from the ASTP and V-12 meet with members of the Illini Union Council to discuss the place of service men students in campus activities. Each major chairman presents the work of her committee and the service men offer suggestions or criticisms. This council aids greatly in the planning of a program which all students can take part in and enjoy, and arranges the times of events so they will correspond to free hours of the different groups.

In this seventy-first year of its life and service on the University of Illinois campus, the Young Men's Christian Association has sought to adjust its program so as to meet the needs of all students, civilians as well as those who are in uniform.

The committees of the Association have continued to carry on their responsibility for organizing the work. At the same time, a far-reaching program of service has been planned and carried through for the students in uniform on the campus. Through forums, study and interest groups, service projects, socials, personal counseling, inspirational meetings, and in many other ways, the "Y" seeks to reach every student, directly or indirectly, whether he is a member of the organization or not. Servicemen have been active in helping to develop a program to fit the needs of their comrades.

Throughout its history the "Y" has been busy arming young men with ideals, not only for their student days but for the years ahead.

The splendid building at Wright and Chalmers streets contains comfortable and inviting lounges, reading and game rooms. The building is a popular center of campus life.

In 1944 the University association joins with the other Y.M.C.A.'s of the world in celebrating the 100th anniversary of the founding of the first Y.M.C.A. by George Williams, in London, England, June 6, 1844.

Since 1873, the Alumni Association has been the agency which "Begins Where Student Days End." Its publication, Illinois Alumni News, goes monthly to 77,000 former students, reporting the activities of their Illini friends and of the University. It maintains current addresses and biographical information for these thousands of Illini, including more than 15,000 in the service of their country.

In behalf of the University, the Association is seeking to create better public relations with high schools, newspapers and people of the state in general.

We want alumni and former students to visit us at the Illini Union building on the campus, or at the Illini Center in the La Salle Hotel, Chicago. Feel free to call on us any time we can assist you. We hope to justify the faith of thousands of Illini who have become members of the Alumni Association.

Woman's Group System is the only organization that functions entirely for the benefit of the independent women. The activities which the groups carry on help to unite the houses, and further an interest in campus activities.

Among the extra-curricular activities are all-group parties, a Christmas musicale, and a stunt show. The Watcheka Sing, which is held in the spring, urges all houses to compete for top musical honors. A new attraction, the monthly newspaper *Tradewinds*, familiarizes the campus with the work of W.G.S.

All independent women give a special banquet on Mother's Day week-end. The spring activities are climaxed by a recognition service, at which the out-

The Young Women's Christian Association in its sixtieth year on the University of Illinois campus, serves as a laboratory for practical religious living. Through its program, young women students can clarify and learn to apply their faith in God and in the ideals of the democratic way of life that accompany this faith in our country. "Y" members formulate their ideals in discussion groups, and then apply them in their work in the organization and in their daily lives. Vespers are held every Thursday to help students grow in their religious experiences.

Through public affairs discussion groups, work with community social agencies, and leadership of Girl's Club programs in the public schools, girls in the "Y" get practical experience in the solution of some of the important social and economic problems of the day. As part of the war effort in the Y.W.C.A., the U.S.O. department cooperates with the community U.S.O., while the social recreation department includes the service men on campus in their program.

Through its freshman department and a wide variety of social and recreational activities, the Y.W.C.A. provides girls with marvelous opportunities to make new friends among the students and faculty.

Any woman student of the University of Illinois is eligible to become a member of the University Y.W.C.A. It is an inter-racial, inter-denominational, and inter-national fellowship of student and faculty women. Membership in the "Y" gives any girl the opportunity to participate in Inter-Collegiate Conferences, to become a member of the World's Y.W.C.A., and to enter the World Student Christian Federation.

The annual Doll Show had scenes of activities, events, and traditions on the campus since the founding of the University in 1857 to portray the theme —"It Happened Here." The dolls were distributed among various orphanages, hospitals, and welfare societies for children in Chicago, Rantoul, Champaign, and Urbana.

In these war-torn days, physical fitness becomes vital in its importance. Participation in W.A.A. activities helps a girl to attain the physical fitness as well as the mental stability necessary to fit her for the stress of these times.

It is not necessary for a girl to be a skilled athlete to participate in W.A.A. activities. W.A.A. provides instruction in almost every sport—and almost every sport is included in its four-season program.

Any girl is eligible to join W.A.A. Upon completion of one sports season, she is eligible to vote and hold office. Alpha Sigma Nu, W.A.A. honorary, offers

The dance group Orchesis takes its name from the Greek word meaning movement. The idea of this organization is to express emotion through rhythmic movements and composition.

To bring modern dancing to the college campus, a dance honorary was founded at the University of Wisconsin. This was the original chapter of Orchesis, and later on, the group was established at the University of Illinois. Anyone who has some interest in or feeling for expression through dancing is eligible for membership.

Orchesis is made up of two groups—the beginning group and the concert group, which is for advanced members. Meetings are held once a week for a two-hour session. Every year, in the early spring, Orchesis presents a dance concert. This concert is usually a lavish affair, complete with elaborate costumes and beautiful settings. Many other dance recitals are given by the concert group throughout the school year.

Terrapin, an honorary swimming club, was founded in 1923, for the purpose of promoting and maintaining an interest and proficiency in all phases of aquatic activities.

Members of Terrapin are chosen by tryouts, held soon after registration each semester, and are placed in one of two divisions, Major or Minor Terrapin, according to their degree of skill. Weekly meetings are spent improving dives and swimming strokes and practicing for the water pageant.

Terrapin's annual water pageant, an entirely original production is presented on Mother's Day weekend. At this time, members demonstrate their abilities in swimming and diving. Synchronized swimming and water formations are accompanied by music and unusual lighting effects.

ILLINI PUBLISHING COMPANY

The Illini Publishing Company is an organization chartered under the laws of the State of Illinois, for the purpose of printing and distributing all student publications as well as doing a general printing and publishing business. The four officially recognized student publications under the control of the Company are The Daily Illini, the student newspaper; The Illio, the yearbook; The Technograph, a magazine edited by the Engineering students; and The Illinois Agriculturalist which is published for the Agricultural students.

The management of the corporation is vested in a board of directors made up of eight members. Four faculty members are appointed by the President of the University. The remaining four members are undergraduate students elected by the student body, two members each year to serve for two years.

ILLINI PUBLISHING COMPANY

One of the faculty members is designated as Chairman of the Board of Directors and President of the Company. In addition to supervising the management of the publications, the Board encourages initiative and judgment on the part of the staffs.

Student editors and business managers of the various publications are elected by the Board of Directors on the basis of all-around merit.

A Business Manager of the Company, not eligible for membership on the Board of Directors, is employed to operate the business, and to advise the student leaders.

The general policy of the Illini Publishing Company is to serve the University and the community by printing, publishing, and distributing publications of the highest standard of quality at the lowest possible cost.

The Illinois Technograph is a monthly magazine published by the students of the engineering college. It has been in continuous publication since 1885, when it was started as a highly technical quarterly publication. Since then it has been modified in content to include engineering articles of a semi-technical nature, biographies of outstanding student and alumni engineers, and a joke column entitled "Technocracks."

Wartime conditions have made it almost impossible to maintain any continuity in personnel. Technograph men only recently on the staff are to be found in various branches of the armed forces, in industry, and also in research and teaching positions in the country's universities.

For the first time in fifty-nine years, women have become members of the "Tech" staff. They include five women on the business staff who are pursuing engineering courses under Pratt-Whitney scholarships.

The Senior Ball of 1943 was held on May 14th in Huff Gymnasium. Illini danced to the exciting new music of Stan Kenton and his orchestra. The co-chairmen of the dance were Doc Erickson and Bud Cristianson.

The *Illio* must go to press before the Ball of 1944 takes place, but with Howdy Griftner and his committee in charge another equally entertaining affair is expected. The dance probably will be held sometime in May.

To the "Sugar Blues" music of Clyde McCoy and his orchestra, Illini dance enthusiasts enjoyed the annual Junior Prom, sponsored by the Class of 1945 and held in Huff Gym on Saturday evening, February 26, 1944. The dance featured the customary Prom Queen Contest, in which Illini students were given opportunity to select a Queen and her court from a group of ten junior class lovelies. Attractive Gloria Berman was elected to this regal honor, and was escorted the length of the gym to the Queen's Throne, followed by her five pretty attendants, Ann Benson, Ann Brandenburger, Peggy Graham, Lynn Sandquist, and Patt Schmitt. Together with Junior Class President Laddie Hutar, Gloria led the traditional Grand March, climax of this gala evening.

A colored slide picturing a queen seated upon her throne, guarded by two slaves, was flashed upon the backdrop behind the band platform to give the dance floor a courtly appearance. Programs were maroon and silver, with a crown emblazoned on the front cover.

Kesler Strong Coe Mauney Kosobud Spencer Glidden Shekleton Kirby

SOPHOMORE COTILLION

As the *Illio* meets its deadlines, the date for the Sophomore Cotillion is still indefinite, but Jo Ann Kesler, Cotillion chairman, has announced that this yearly affair, presented annually by the Sophomore Class, will take place in early April in the Union Building ballroom.

The welcome arrival of the traditional Chambana spring will be the theme of the 1944 Cotillion, and Chairman Kesler has plans for appropriate pastel decorations in the ballroom. A multitude of gay bubbles will be seen everywhere and will add a light, graceful touch to the event. Wartime restrictions prevent the Cotillion from being more than a semi-formal affair this year, and music will be furnished by a local orchestra.

Planning the 1944 Cotillion with Chairman Kesler are Molly A. Coe, Mary Ann Glidden, Jean E. Kirby, Dick F. Kosobud, Virginia R. Mauney, Virginia Musselman, Margaret C. Shekleton, Jean Spencer, and Dorothy J. Strong.

FRESHMAN FROLIC

Sponsored by the Class of 1947 and given under the auspices of the Freshman Council, the Freshman Frolic is another social event we anticipate as the *Illio* goes to press.

To be held in the ballroom of the Union Building on an April weekend, the Frolic will be presented on an informal keynote, according to the announcement made by Bob W. Brown, Frolic chairman. Street dress will be appropriate for this annual freshman affair. A band to play for this social highlight has not yet been chosen, but several excellent local orchestras are being considered.

Those assisting Chairman Brown in presenting this dance are Marion Bollinger, C. Jane Cover, Janice R. Ehleb, Bill R. McConnell, Howard R. Neville, Roberta M. Polk, Barbara J. Rowe, Kay D. Seed, Ruth E. Weinard, and Dorothy B. Kennedy (Freshman Council alternate.)

Ball Committee and Sweethearts

INTERFRATERNITY SWEETHEART BALL

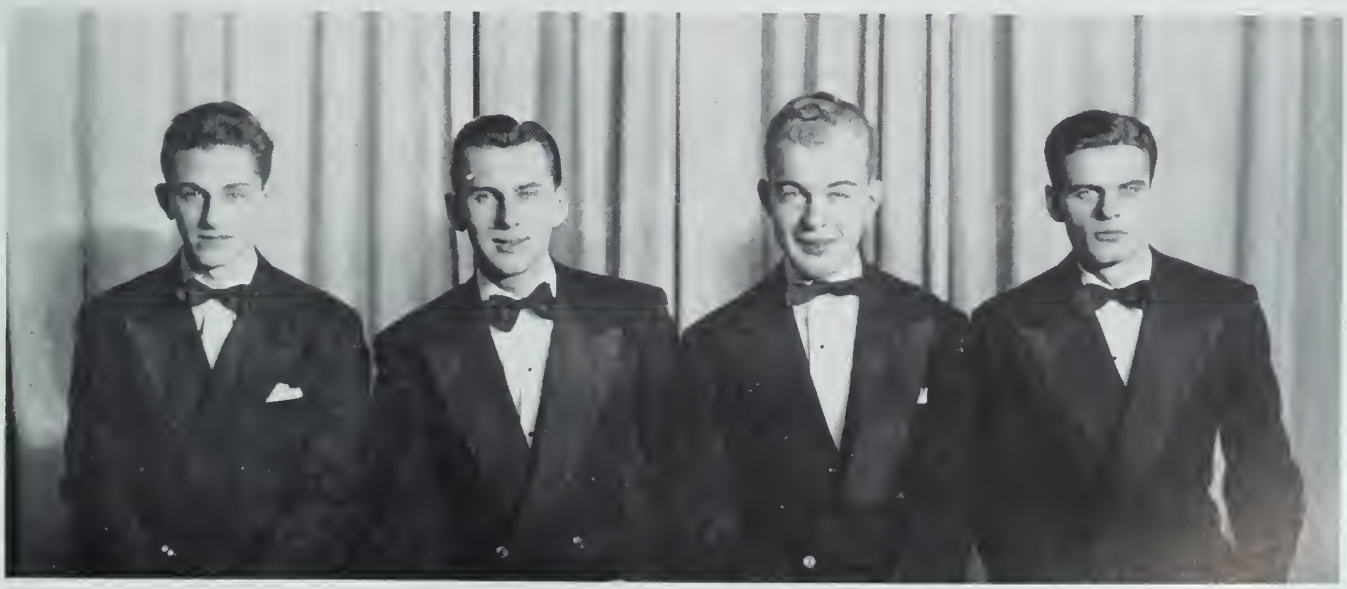

COMMITTEE

Gerry D. Scott, Jr. ..... *Chairman*

Leonard Anderson — Seymour Britan — Paul L. Flum

The Interfraternity Sweetheart Ball, as the *Illio* goes to press, will be held April 1, and is a pleasant surprise to all Illini. The Ball is making a return appearance as one of the traditional campus dances after being discontinued last year. The ballroom of the Urbana-Lincoln Hotel will be the scene of the event, Johnny MacBryce and his orchestra furnishing the music.

A contest for Sweetheart of the Interfraternity Ball will be staged with one candidate from each of the sororities. The crowning of the Sweetheart will be the highlight of the evening.

As in the past, several hundred students took part in the activities of the Illini Theatre Guild. These people had their choice of trying a hand at acting or working behind stage. The plays produced were presented either to the student body, or were taken to the soldiers of Chanute Field and vicinity. The Guild Board, which is the executive authority, is composed of a representative from each of the three dramatic organizations and two interested faculty members. The three dramatic honoraries which form the membership of the Guild are Mask and Bauble, Arepo, and

Pierrots. Each of these sponsors one production during the year, besides supporting all the other productions which are presented.

Under the capable leadership of Wesley Swanson and Charles Shattuck the Guild had an unusually successful season. Besides the usual full length plays they presented two evenings of one-act plays which were directed by the students. Patsy Surie directed William Saroyan's *The Hungerers*; Florence Graves directed Attila von Orbok's *With Discretion*; Lois Porges directed Wilbur Braun's *Her Fatal Beauty*; Alberta Menzel directed Bernard Duffy's *The Coiner*; Henry May directed *The Taming of the Shrew*; and Ruth Shames and Shirley Smith directed Percival Wilde's *Comrades in Arms*. This year's junior staff was given experience on both the business and productions crews through changed assignments for each play. The large size of the crews indicated the campus interest in Theatre Guild.

HEAVEN CAN WAIT

"Heaven Can Wait," written by Harry Segal, was presented as the third production of Mask and Bauble's thirty-sixth season on March 24, 26, and 27, 1943.

Lionel "Lefty" Goulet as Joe Pendleton, the man taken to heaven by mistake by Messenger 7013, was hilarious as he searched for a body to fit his soul. He was put into the body of Mr. Farnsworth, who had just been murdered by his wife and his confidential secretary, Tony Abbott. Confusion reigned when he fell in love with Betty, the daughter of a man Mr. Farnsworth once tricked.

Max Levene, Joe's manager before his body was destroyed, was convinced that Joe was in Farnsworth's body, and became upset when Farnsworth was again killed. Composure is regained when Joe becomes an up-and-coming pugilist and is reunited with Betty.

The plot may be recognized as the same one used in the movie under the title "Here Comes Mr. Jordan."

RUDDIGORE

In Lincoln Hall Theatre on the nights of April 9 and 10, 1943, the Illini Theatre Guild presented to the campus and community Gilbert and Sullivan's comic opera, "Ruddigore" which was directed by Kathryn Janie Sutherlin.

"Ruddigore," or "The Witch's Curse," a "new and original supernatural opera," was first presented at the Savoy Theatre in London on the evening of January 22, 1887, where it was an enormous success. Its run of 288 consecutive performances demonstrated its continued popularity. It contains a good deal of Sullivan's best music and some of Gilbert's best writing and lyrics. In 1920 "Ruddigore" was revived in New York and proved to be the hit of an entire series of Gilbert and Sullivan operas.

This opera of half a century ago proved to be a great success on the Illinois campus because of the lack of opportunity for music lovers to have previously seen it.

HE WHO GETS SLAPPED

"He Who Gets Slapped" was presented as the Mother's Day production by the Illini Theatre Guild on April 30 and May 1.

Written by Leonid Andreyeu, this story is the romantic tragedy of a great man who has turned his back on the world. The once-famous writer abandons his former life and joins a circus troupe. Wishing to remain unknown, he simply chooses to be known as "He". The act he invents is to stand upon a box and deliver a serious lecture upon some highly philosophical problem—then in the midst of it to be knocked off the box by one of the other clowns; hence, his full name, "He Who Gets Slapped". There is, of course, a strong underlining of the symbolic significance of the slapping—the world hates beauty and truth, and always wants to see the speakers of beauty and truth humbled.

The unusual theme of this tragedy plus the excellent acting and directing made "He Who Gets Slapped" a very successful production.

GOODBYE AGAIN

The comedy, "Goodbye Again", written by Allan Scott and George Haizut, was given by the Illini Theatre Guild Summer Theatre on July 18, 1943, at the Rantoul U.S.O., July 19 and 20 at Chaplin Centers at Chanute Field, July 22, 23 and 24 in Lincoln Hall Theatre, August 1 at the Champaign U.S.O., and a second performance in August in the University Auditorium for the Naval Signal School.

Kenneth Bixby, a writer who is on a lecture tour of women's clubs with his secretary, Anne Rogers, encounters an old college love, Julie Wilson, while he is in Cleveland. Although he no longer remembers her he becomes quite involved with Julie's husband, who would like to be ridded of her, and Julie's sister and fiance, who are very anxious to avoid any scandal in the family. Julie wishes to divorce her husband to marry Bixby, who balks at the idea; but Anne comes to his rescue by upsetting Julie's plans. Bixby and Anne are re-united.

ARMS AND THE MAN

George Bernard Shaw's comedy, "Arms and the Man," was presented for Dad's Day, October 15 and 16, and Homecoming, October 29 and 30, 1943, in Lincoln Hall Theatre by the Illini Theatre Guild. It also played at the Champaign U.S.O. October 23, at the Rantoul U. S. O. October 24, and the Chanute Field War Theatre Number 1.

The story of the play is the one adopted for the operetta, "The Chocolate Soldier". Lionel Goulet gave an especially comical performance in his part as Bluntschli, a Swiss professional soldier who carried chocolates instead of cartridges. The complete cast was chosen well, and the production was given with much pep and spirit.

Charles Shattuck, play director, and Wesley Swanson, technical director, aided greatly in making the play a success.

PRIDE AND PREJUDICE

On December 10 and 11, 1943, at the Lincoln Hall Theatre, Mask and Bauble presented the second production of its thirty-seventh season. "Pride and Prejudice," one of its most successful plays, was repeated December 12, at the Rantoul U.S.O. and December 13, at the Champaign U.S.O. The cast of sixteen, only two of which had previously appeared in guild productions, was ably directed and staged by Wes Swanson.

The play, adapted from Jane Austen's novel by Jane Kendall, has for its setting Hertfordshire, England, about the year 1800. The comedy tells of the blundering attempts of tactless Mrs. Bennet to marry off her five daughters. She succeeds in spite of herself in three cases. Ruth Ann Sokol's characterization of Mrs. Bennet and George Remington's Mr. Collins were particularly good. The costumes were particularly good. The costumes were in the Empire style, and the setting was designed by Anne Krebs and built and painted by undergraduates in the workshops of the Illini Theatre Guild.

STAR COURSE

Star Course has been bringing cultural entertainment to the University of Illinois ever since 1891. As early as 1883, lectures by outstanding men and women of the time began to be sponsored by the Philomathean and Adelphic Literary Societies. These occasional lectures proved so popular that the Star Lecture Course was begun and for twenty-six years it remained under the auspices of the literary societies. In 1931 the University Concert and Entertainment Board was organized to supervise all public entertainment given at the University for which admission is charged. Star Course was then placed under the control of this Board. The University Concert and Entertainment Board, composed of four faculty members and four students, selects the artists presented each year and appoints the senior and junior managers and the sophomore staff.

The dramatic soprano Helen Traubel opened the series of concerts this year. Miss Traubel is the Metropolitan Opera's great all-American dramatic soprano. The December concert featured the duo-pianists, Vitya Vronsky and Victor Babin. The Indianapolis Symphony Orchestra came to Illinois for its fifth performance. The popularity of the orchestra is greatly due to the personal charm of its conductor, Fabien Sevitzky. In March The Nine O'Clock Opera gave its performance of "The Marriage of Figaro" in English which has won them musical acclaim in seventy-five American cities. Later in the same month the violinist Erika Morini well lived up to the musical reputation which she began developing at the age of eight. Thrilling climax of the year was a concert by the tenor, James Melton. The University Concert and Entertainment Board and the Star Course staff sincerely desire to continue bringing the university fine concerts.

STAR COURSE

ERIKA MORINI

Critics unhesitatingly have classed Erika Morini with Kreisler, Heifetz, and Elman. At the age of ten, she was already astounding the musical world, playing under the greatest conductors.

As a child wonder of the violin, she first visited the United States about fourteen years ago. Sensational is a mild word to describe Miss Morini's country-wide tour that season. Since she has grown to artistic maturity, the American audiences have received her as enthusiastically as did the Star Course patrons on March 27, 1944.

VRONSKY AND BABIN

Vitya Vronsky was born in Kiev, Russia—some five hundred miles from Moscow, the birthplace of Victor Babin. It was as fellow-students under Schnabel in Berlin that the two artists met and decided to merge their talents and their lives as well. In private life Vitya Vronsky is Mrs. Babin. They made their American debut on February 14, 1937, at Town Hall, New York. They were hailed as brilliant performers by Star Course audiences, December 9, 1943. The following night they presented a concert for service men.

STAR COURSE

INDIANAPOLIS SYMPHONY

On Tuesday, January 11, 1943, the Indianapolis Symphony appeared in the University auditorium for the fifth time. Now among the first sixteen symphonies of the country, a position due greatly to the leadership and inspiration of Fabien Sevitzky, the Indianapolis Symphony is only seven years old.

The orchestra is well known throughout the country through its tours, its broadcasts on three major networks, and for its championship of American music. Like most symphony organizations the Indianapolis had the problem of its annual budget. With characteristic forthrightness, Sevitzky managed to solve a great deal of the difficulty by arranging to play concerts in various defense plants. This plan was met with much enthusiasm by the workers.

The symphony is a great favorite with Star Course patrons—a fact attested by the regularity of their appearances. Much of this can be accredited to the popularity of Fabien Sevitzky who was twice honored by the National Association for American Composers and Conductors for his service and belief in the cause of American music.

STAR COURSE

NINE O'CLOCK OPERA

Lovers of Mozartian music and of the lyric comedies of that eighteenth century composer enthusiastically applauded an animated and smoothly integrated performance of Mozart's "Marriage of Figaro" given by the Nine O'clock Opera on March 1, 1944.

These young artists, thoroughly equipped in voice and histrionic ability, have been spreading the fun and grace of Mozart's imperishable works all over the country, emerging triumphantly from the critical scrutiny of the metropolitan musical authorities. Their English translations are crisp and not too remote from present day idiom, their lines clearly enunciated; their beautiful atmospheric costumes and simple scenic settings have a definite appeal. And finally, a brilliant musical background furnished by a grand piano and the added attraction of an amusing narrator who bridges the gap between the eighteenth century and the twentieth in slyly sophisticated fashion rounded out an evening of unforgettable entertainment.

STAR COURSE

HELEN TRAUBEL

In contrast to the overnight successes of other stars, Helen Traubel deferred her Metropolitan debut until only four years ago when she had already passed her thirty-fifth birthday.

Miss Traubel, who was born in St. Louis, is acclaimed as one of the great Wagnerian singers of our time. Her clear soprano voice brings a tremendous round of applause and shouts of approval from audiences all over the country.

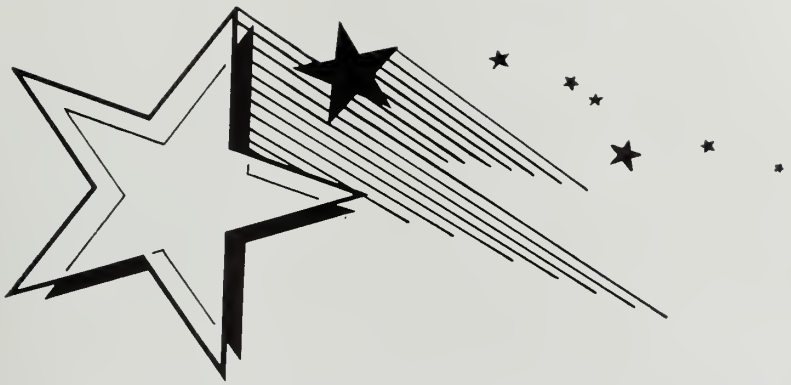

JAMES MELTON

There is no better word to describe the personality of James Melton than magnetic. His brilliant performance at the University demonstrated that he has no equal in the interpretation of the lovable folk songs and dramatic moods of Italian, French, and German classics as skillfully as those of his native tongue.

As Americans, Melton and his friends take pride in the fact that he has received his voice training and operatic schooling in this country. It is small wonder, then, that critics have referred to him as "America's Favorite Tenor."

UNIVERSITY BANDS

Normally the University of Illinois Bands Department consists of three bands: the Concert Band, the First Regimental Band, and the Second Regimental Band. However, the war has brought many changes to the Bands Department, and during this year, a lack of personnel has made it necessary to eliminate the Regimental Bands. The Concert Band has welcomed qualified Army and Navy men to participate, and has had, for the second year, many valuable women members.

During the Annual Band Clinic held in January, the Concert Band, directed by Professor Harding, gave the first American performance of the new Russian national anthem, *Hymn of the Soviet Union.*

The Bands Department provided music for football and basketball games, pep rallies, and military reviews, as in other years, in spite of wartime limitations.

MILITARY

LEONARD C. SPARKS
Colonel, Field Artillery, U.S.A.
Commandant

INSTRUCTIONAL STAFF

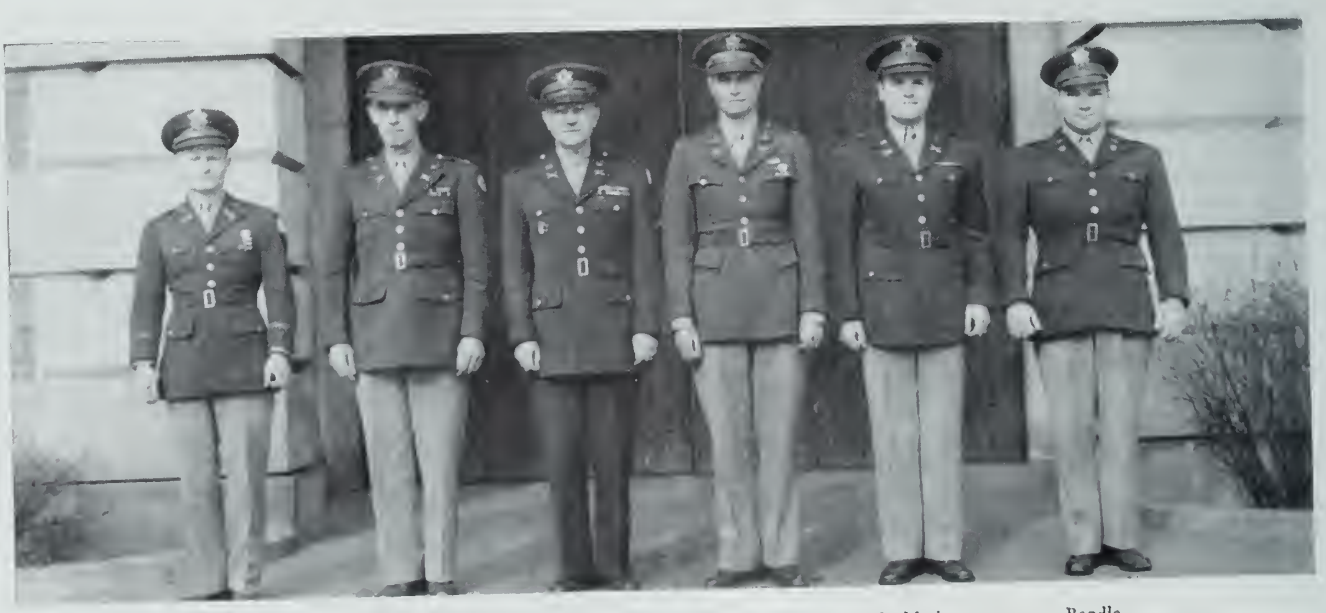

COLONEL LEONARD C. SPARKS ..... *Commandant*
COLONEL CHARLES A. CHAPMAN ..... *Adjutant*

INSTRUCTIONAL STAFF

MAJOR JOSEPH C. STEWART ..... *Director ROTC*
CAPTAIN EDWARD J. SMITH ..... *Instructor*
1ST LT. EUGENE ST. MARIE ..... *Instructor*
2ND LT. ELMER W. RANDLE ..... *Instructor*

Due to war conditions and the demands of the army, which has drawn an imposing quantity of civilian students from this campus, University military activities have been critically changed. The ROTC as instituted in former years no longer exists except for the training of basic (freshman and sophomore) students; the training in this corps of cadets, therefore, no longer leads to a commission, that having been taken over by the army through the ASTP. The six branches of service represented on the campus, including Infantry, Cavalry, Field Artillery, Coast Artillery, Engineers, and Signal Corps, are no longer in existence, so that all instruction is being presented as "Branch Immaterial" or "No Branch." The Cadet Corps, with an enrollment of 4500, now is organized as one battalion of six companies, each under the command of an acting cadet officer instead of a regularly appointed cadet officer, as was customary in past years.

The fact remains, however, that this university, in spite of the many changes caused by the war, still maintains its record of military instruction offered each year without a break since 1868, an enviable record in view of the great number of institutions who dropped military training during peace time years.

Smith Chapman Sparks Stewart St. Marie Randle

Present Arms!

I've got you covered.

Instruction before battle

ASTP

On April 1, 1943, General George C. Marshall, Chief of Staff of the Army, sent a one page memorandum to the commanding generals of the Army Air Forces, Army Ground Forces, and Army Service Forces which announced the need for the Army Specialized Training Program. He pointed out that the Army was already handicapped by a shortage of men trained in the fields of medicine, engineering, languages, science, mathematics, and psychology while the normal flow of such men from American colleges and universities had been cut off by the establishment of the minimum selective service age at eighteen years.

The inclusion of the University of Illinois in a selected group of civilian colleges and universities to carry out the program was communicated to President Willard at an early date and the allotments of groups followed. The first to be established was the STAR Unit which tested, classified, and assigned candidates

ASTP

to their proper places in the program. Later there were assigned to the University of Illinois units of the regular ASTP in basic and advanced engineering, foreign languages, graduate engineers, graduate language, pre-medical, pre-dental, and AST Reserves who are under eighteen years of age and who pursue basic engineering courses while awaiting their call to active service. First year advanced course ROTC students from the University of Illinois and Norwich University upon completion of a basic training course at army stations, were sent here for further academic and military training while awaiting assignment to officer candidate schools. In all, the allotments reached nearly 4,500, including medicine and dentistry on the Chicago campus. Throughout this program, the University has met every request of the War Department giving precedence to the needs of the Armed Forces without stint or hesitation.

NAVAL TRAINING SCHOOLS

Lt. Commander Edwin Phillips
Commanding Officer

Lieutenant Russell I. Damon
Executive Officer

We are men of the Navy. We have put on the Navy Blue. We are patriots. We go to the far places, to Iceland, to the Solomons, and to the Seven Seas, to fight and to die.

Why should we go out to the ends of the world? Because we want to ensure that the enemy cannot do to our beloved America what they have done to our Allies.

This is our land, our good land, our free land. Fight we must, to keep it so. If we can fight the enemy at the world's ends and keep the terrors of war from our shores, so much the better for our loved ones.

That is why we fight—for the freedom to live our life under God in this, our country, in the way we wish to live it.

Our path to glory and to fame lies ahead along the endless tracks across the restless sea. Some day, when we return from triumphant invasion of foreign shores, we will find the America we know, the America we inherited, and the America we intend to pass on to our children.

DIESEL AND SIGNAL SCHOOLS

Since May 1, 1942, the Naval Training School at Urbana, Illinois, has been training sea-going signalmen who have manned the communication posts of our Navy in major battles all over the world. All training facilities for the Signal School trainees bear the significance and the familiarities that these men might find at sea, for their training school is known as a ship and on it are located nine "ship's masts" flying the multi-colored signal flags. These ship's masts resemble those on which the men will be working while they are at duty on the high seas.

In this machine age we seldom find sea-going vessels that do not use some sort of diesel power. From our mightiest battleships to our small PT boats, all are driven in some way by diesel motors. Therefore, the men who are trained at the Navy Diesel School gain practical knowledge of the workings of various sizes of motors before ever going aboard ship. From this school some graduates are sent to the fleet as motor mechanics to begin their sea-going life; others are chosen to go to more advanced school in specialized types of engines—yet all are working with the sole purpose in mind of "keep the motors running."

While the Signal and Diesel schools are distinct in scope, they are uniform in naval services, both training men to carry on the traditional services of the sea by keeping the fleet moving in formation with full speed ahead.

The University of Illinois Foundation was created in 1936 to encourage gifts of money, property, works of art, historical papers, or any other material having value to the University.

Later the Foundation became a financial agency for the University in arranging the construction of the Medical and Dental Building and the Chicago Illini Union Building, both on the Chicago campus, the Illini Union, and the Men's Residence Halls in Champaign-Urbana. Most recently it has acted for the University in the commercial development of patents.

The Foundation is controlled by members chosen from the alumni body. These in turn elect a board of nine directors, including the president of the University, the president of the Board of Trustees, and the president of the Alumni Association. The comptroller of the University is treasurer. Offices of the Foundation are at 226 Illini Union, Urbana.

The Eternal Hills

IN an ever-changing world, the eternal hills remain unchanged. From their towering heights they have watched men come and go . . . governments rise and fall . . . civilizations "abide their destined hour, and pass away."

They have watched man stumble through wars and depressions, to arise again and drive forward, ever progressing in his relationships with his fellow man, in his partnership with Nature . . . in making his lot easier, better, more healthful.

Over thousands of years, man has progressed in his effort to till the soil more productively. The crooked stick, the plow, the flail, the reaper, the combine, the tractor were long steps on the way that brought to man a freedom—gave him time for tasks other than providing food for his own subsistence.

And when this war is won, when farm equipment is again available in quantity, more farmers will take to themselves the blessings and advantages of mechanical farming. And the eternal hills will see another change, as great as any in the past, toward a far richer and finer agricultural life the world over.

JOHN DEERE

Moline, Illinois

MANUFACTURER OF QUALITY FARM EQUIPMENT
FOR OVER A CENTURY

Coördination

is the watchword of America today—coordination of men and machines to perform the biggest job a nation ever attempted.

It is with the utmost modesty that we mention our name following the above thought but, for 33 years, our organization has coordinated the efforts of skilled workmen with modern machines to achieve a quality product of which we are proud.

HAVE YOU MADE A SOIL DEPOSIT LATELY?

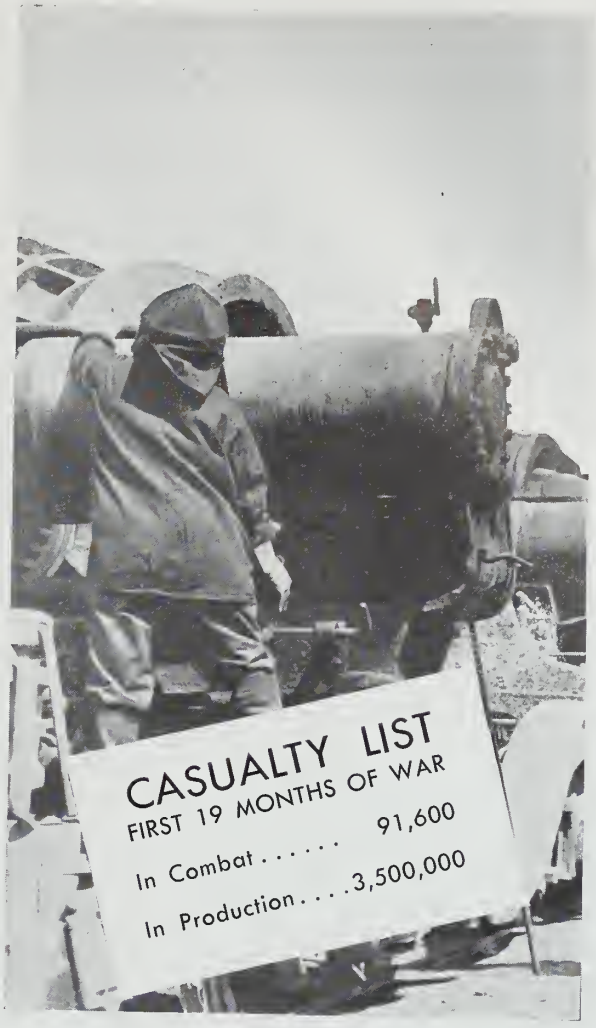

Your soil fertility account will never be overdrawn if you make a deposit of

RUHM'S PHOSPHATE

just once every ten years and follow Dr. Cyril G. Hopkins' Illinois System of Permanent Soil Fertility.

Ask Your Dealer
Or Write

RUHM PHOSPHATE AND CHEMICAL CO.
Mt. Pleasant, Tenn.

During the first 19 months after Pearl Harbor, 38 times as many men and women were killed and wounded in war *work* as were killed and wounded in *war*. This is a problem that affects and threatens all of us. Most accidents are preventable and America must prosecute an effective safety program to stop them. More than 600 leading safety engineers stand ready to contribute their knowledge to this end. Now, as never before, it is recognized that properly designed safety clothing can reduce the accident toll. The thorough and exhaustive knowledge gained in 33 years by the Industrial Gloves Company in designing such proper safety clothing for the progressive industrials of America is playing a major part in the new and greatly broadened crusade against accidents.

BOOKBINDING MASTERY
COMES WITH
EXPERIENCE

BROCK and RANKIN craftsmen, with a fifty year heritage of "know-how" in bookbinding, skillfully apply their knowledge and experience in the binding of books and catalogs. These men understand bookbinding and have the ability to make a definite contribution to the appearance and "feel" of the finished book. The ability and the skill of our craftsmen constitute the basis of BROCK and RANKIN service.
